ELM CITY NURSERY

1925

How to Reach Our Office and Nurseries at Woodmont

Our Office and Sales ground are now located at our Nurseries near the Woodmont Railroad Station. Our former office on the Boston Post Road (Milford Turnpike) has been permanently discontinued.

To reach our office by auto: from New Haven, follow Shore Road, past Savin Rock to Oyster River; take first right (Anderson Avenue) beyond Oyster River, then follow white arrow signs to office.

From Milford, follow Shore Road to Woodmont borough line, turn left on Maple Street.

From Derby and Naugatuck Valley, follow Derby Avenue to Clark's Corner, turn right, thru Orange Center to Boston Post Road (Milford Turnpike), turn left, follow Post Road to first right (fair road in dry weather). Follow white arrow signs to office.

By trolley: take Bridgeport or New Haven trolley to Anderson Avenue, Woodmont. If customers, coming by trolley, will notify us of time of arrival at Anderson Avenue, we will be glad to meet them.

THE ELM CITY NURSERY COMPANY WOODMONT NURSERIES, Inc.

Office and Sales ground at Nurseries,
near Woodmont Railroad Station.

P. O. Box 1588, NEW HAVEN, CONN.
New Haven and Milford Telephones.

Our Nurseries

The Nursery business, like all other branches of industry, has developed into wonderful proportions during the last decade, owing to the demand and appreciation for hardy trees and plants.

Those who know **THE ELM CITY NURSERY**, also know that we have grown with the demands upon us and for over a quarter of a century we have been building a nursery that supplies only quality nursery stock.

Our large acreage and variety of soils at our Woodmont Nurseries enables us to produce the well-known E. C. N. grade of quality stock.

All of our departments are under the personal supervision of experienced plantsmen or members of our firm, insuring careful handling and packing of all orders.

Visitors are always welcome and we are glad to show them over our Sales Grounds.

Our Landscape Department

In conjunction with our Nursery, we operate a thoroughly organized Landscape Department equipped to take up all phases of landscape development such as parks, cemeteries, real estate subdivisions, private estates, and the modest city or suburban home grounds.

This department is under the supervision of trained Landscape Engineers assisted by a corps of experienced plantsmen and gardeners.

We are prepared to render you plans and specifications covering the proper and artistic arrangement of your plantings, select your planting materials, do your grading and seeding, figure and lay out your drives, walks, drainage problems, in fact, any planting, engineering or construction work necessary to the development of the landscape.

We are pleased to offer suggestions without charge to intending purchasers, but where landscape problems require special visits, plans, specifications, etc., a reasonable charge is made consistent with services rendered.

The American Joint Committee on Horticultural Nomenclature have recently issued "Standardized Plant Names," which it is hoped will eliminate much of the confusion on common and botanical plant names.

With the exception of a few varieties, we have listed our plants according to "Standardized Plant Names." If you have any difficulty in finding in our price list any varieties you wish, telephone or write us.

Evergreens

ABIES ARIZONICA

Cork Fir

Slow growing tree; horizontal branches clothed with soft, silver-green foliage.

	Each	Per 10
18 to 24 inch.....	\$3.50	\$32.50
3 to 4 feet.....	8.00

ABIES CONCOLOR

White Fir

A stately, dignified Fir; sage-green foliage. Valuable as a lawn specimen or for border planting.

18 to 24 inch.....	3.00	27.50
2 to 3 feet.....	4.00	37.50
3 to 4 feet.....	6.00	57.50
4 to 5 feet.....	9.00

ABIES HOMOLEPSIS (Brachyphylla)

Nikko Fir

Rich, lustrous green needles with silvery undersides. Most beautiful as a lawn specimen.

3 to 4 feet.....	4.50
4 to 5 feet.....	6.00	57.50
5 to 6 feet.....	8.00	77.50
6 to 8 feet.....	12.00

ABIES VEITCHI

Veitch Fir

Rich green foliage which is quite pungent; very hardy.

4 to 5 feet.....	8.00
6 to 8 feet specimens.....	12.00
8 to 9 feet specimens.....	15.00

ARBORVITAE, see Thuja.

BIOTA, see Thuja.

CEDAR (RED), see Juniperus.

CHAMAECYPARIS, see Retinispora.

CRYPTOMERIA LOBBI

Lobb Cryptomeria

Tall and slender; picturesque habit. The dark green foliage turns to a bronzy hue in the winter.

5 to 6 feet specimens.....	12.50
----------------------------	-------	-------

CYPRESS JAPAN, see Retinispora.

DOUGLAS-FIR, see Pseudotsuga.

FIR, see Abies.

HEMLOCK, see Tsuga.

JUNIPER, see Juniperus.

JUNIPERUS CHINENSIS PFITZERIANA

Pfitzer Juniper

A graceful Juniper with light olive-green foliage; branches grow horizontally from the stem, forming a low, broad pyramid at maturity.

18 to 24 inch spread.....	4.00	37.50
2 to 2½ feet spread.....	5.00	47.50

JUNIPERUS CHINENSIS VIRGINALIS

Globe Chinese Juniper

Very low growing with ascending branches; rich green foliage. Valuable for rockery.

18 to 24 inch spread.....	5.00	47.50
2 to 2½ feet spread.....	7.50	70.00

JUNIPERUS COMMUNIS

Common Juniper

A low spreading native variety, which is at home in sandy or gravelly soil.

2 to 3 feet.....	4.00
------------------	------	-------

EVERGREENS		Each	Per 10
JUNIPERUS COMMUNIS HIBERNICA	Irish Juniper		
Slender, pillar-like habit; blue-green branchlets.			
18 to 24 inch.....		\$1.75	\$15.00
JUNIPERUS EXCELSA STRICTA	Spiny Greek Juniper		
Compact growing; pyramidal form; blue-green foliage.			
12 to 15 inch.....		2.00	17.50
JUNIPERUS JAPONICA AUREA	Golden Japanese Juniper		
Low growing; spreading branches; golden-yellow in early spring.			
15 to 18 inch.....		3.50	32.50
18 to 24 inch.....		4.00	37.50
JUNIPERUS PROCUMBENS	Trailing Juniper		
Low shrub with spreading branches, closely covering the ground; rich silvery-gray foliage. Valuable for rockery or terrace slope.			
18 to 24 inch.....		3.50	32.50
2 to 2½ feet spread.....		5.00	45.00
JUNIPERUS SABINA TAMARISICIFOLIA	Tamarix Savin		
A beautiful low spreading variety; soft gray-green foliage. Useful for foreground planting or rockery.			
18 to 24 inch.....		3.50	32.50
JUNIPERUS VIRGINIANA	Redcedar		
Our native Redcedar is the best of the tall, pyramid-growing evergreens for planting in the eastern United States. Inquire for special prices on collected specimens.			
18 to 24 inch.....		1.25	10.00
6 to 8 feet.....		6.00	55.00
JUNIPERUS VIRGINIANA CANNARTI	Cannart Redcedar		
Similar in appearance to the Redcedar, but with rich green foliage.			
2 to 3 feet.....		4.50	42.50
3 to 4 feet.....		5.00	47.50
JUNIPERUS VIRGINIANA GLAUCA	Silver Redcedar		
Tall, slender habit; silvery-blue foliage, similar in shade to Colorado Blue Spruce.			
2 to 3 feet.....		5.00	47.50
3 to 4 feet.....		6.00	57.50
JUNIPERUS VIRGINIANA SCHOTTI	Schott Redcedar		
Compact form with upright branchlets; bright pea-green foliage.			
2 to 3 feet.....		4.50	42.50
3 to 4 feet.....		5.00	47.50
PICEA CANADENSIS (alba)	White Spruce		
Compact, upright grower, forming a broad pyramid at maturity; foliage light green with slight bluish tinge.			
2 to 3 feet.....		2.50	22.50
3 to 4 feet.....		3.50	32.50
4 to 5 feet.....		5.00	47.50
PICEA ENGELMANNI	Engelmann Spruce		
Resembles the Colorado Spruce in outline but has softer needles.			
12 to 18 inch.....		1.75	15.00
18 to 24 inch.....		2.50	22.50
2 to 3 feet.....		3.00	27.50
3 to 4 feet.....		5.00	47.50

EVERGREENS

Each Per 10

PICEA EXCELSA**Norway Spruce**

A fast, vigorous growing tree that adapts itself to adverse conditions. Valuable for windbreaks, and for the tall border plantings among Pines.

2 to 3 feet.....	\$2.00	\$17.50
3 to 4 feet.....	2.75	25.00
4 to 5 feet.....	4.00	37.50
5 to 6 feet.....	6.00	57.50

PICEA EXCELSA PENDULA**Weeping Norway Spruce**

Variety of the above with graceful, pendulous branches.

8 to 9 feet specimens.....	10.00
----------------------------	-------	------

PICEA OMORIKA**Serbian Spruce**

Graceful habit; leaves dark green above, silvery-blue beneath.

5 to 6 feet specimens.....	12.00
6 to 8 feet specimens.....	15.00

PICEA ORIENTALIS**Oriental Spruce**

Compact habit; dark green needles.

6 to 7 feet specimens.....	15.00
----------------------------	-------	------

PICEA PUNGENS**Colorado Spruce**

Symmetrical; leaves light green. Valuable for border.

18 to 24 inch.....	3.00	27.50
3 to 4 feet.....	6.00	55.00
5 to 6 feet.....	10.00	95.00

PICEA PUNGENS GLAUCA**Blue Colorado Spruce**

Rich blue foliage; very hardy. Valuable as a specimen.

15 to 18 inch.....	4.00	37.50
18 to 24 inch.....	5.00	47.50
2 to 3 feet.....	7.50	70.00

PICEA PUNGENS KOSTERI**Koster Blue Spruce**

The most beautiful of the Blue Spruces; rich silvery-blue foliage.

1½ to 2 feet.....	10.00
2 to 2½ feet.....	12.00
2½ to 3 feet.....	15.00
3 to 3½ feet.....	17.50
3½ to 4 feet.....	20.00

PINE, see Pinus.

PINUS AUSTRIACA, see Pinus nigra.

PINUS BANKSIANA**Jack Pine**

Fast growing pine of irregular outline. Will thrive in gravelly and sandy locations, where other trees could not live.

6 to 8 feet.....	5.00	47.50
8 to 10 feet.....	8.00	75.00
10 to 12 feet.....	10.00	95.00

PINUS CEMBRA**Swiss Stone Pine**

Slow growing; compact habit; foliage resembling the White Pine somewhat, but the needles are shorter.

18 to 24 inch.....	4.00	37.50
2 to 3 feet.....	5.00	47.50
3 to 4 feet.....	7.50

EVERGREENS

Each Per 10

PINUS DENSIFLORA**Japanese Red Pine**

Rapid grower; soft, light green foliage. Valuable for windbreak.

2 to 3 feet.....	\$1.75	\$15.00
8 to 10 feet.....	10.00

PINUS DENSIFLORA GLOBOSA**Japanese Globe Pine**

Dwarf habit, forming a globe shaped top; foliage a pleasing light green.

4 feet x 4 feet specimens.....	15.00
--------------------------------	-------	------

PINUS EXCELSA**Himalayan Pine**

Graceful, rapid growing pine with long, drooping needles.

4 to 5 feet.....	6.00
6 to 8 feet.....	10.00	95.00

PINUS FLEXILIS**Limber Pine**

Medium grower; horizontal branches; blue-green needles.

18 to 24 inch.....	1.50	12.50
2 to 3 feet.....	2.00	17.50
3 to 4 feet.....	3.00	27.50
6 to 8 feet.....	12.00

PINUS KORAIENSIS**Korean Pine**

Compact habit, forming dense pyramid; light green foliage.

3 to 4 feet.....	5.00	47.50
4 to 5 feet.....	6.50	60.00
5 to 6 feet.....	8.00	75.00
6 to 8 feet.....	10.00	95.00

PINUS MONTANA**Swiss Mountain Pine**

Broad and spreading habit; foliage rich, deep green and is very attractive.

3 feet x 3 feet specimens.....	12.50
4 feet x 4 feet specimens.....	15.00

PINUS MONTANA MUGHUS**Mugho Pine**

A low, spreading pine; very dwarf; dark green needles.

12 to 18 inch spread.....	3.00	27.50
18 to 24 inch spread.....	5.00	47.50
2 to 2½ feet spread.....	8.00	75.00

PINUS NIGRA**Austrian Pine**

A compact, symmetrical and sturdy pine; rich, glossy green needles.

2 to 3 feet.....	3.00	27.50
3 to 4 feet.....	4.00	37.50
4 to 5 feet.....	6.00	50.00
5 to 6 feet.....	7.50
6 to 8 feet specimens.....	12.00

PINUS PARVIFLORA**Japanese White Pine**

Slow growing pine with horizontal branches; picturesque outline.

18 to 24 inch.....	2.00	17.50
2 to 3 feet.....	3.50	32.50
3 to 4 feet.....	4.50	42.75

PINUS PONDEROSA**Western Yellow Pine**

Strong growing variety; long heavy needles.

5 to 6 feet.....	8.00	75.00
6 to 8 feet.....	10.00	95.00

EVERGREENS		Each	Per 10
PINUS RESINOSA			Red Pine
Similar to the Austrian Pine but with softer foliage. Valuable for screen planting.			
3 to 4 feet.....		\$2.50	\$20.00
4 to 5 feet.....		4.00	37.50
PINUS RIGIDA			Pitch Pine
Rapid growing pine of picturesque outline. Does well at the seashore.			
10 to 12 feet.....		8.00	75.00
PINUS STROBUS			White Pine
The tall stately pine so often met with in our New England woods; beautiful with its long, soft, bluish-green needles.			
2 to 3 feet.....		2.50	20.00
3 to 4 feet.....		3.50	30.00
4 to 5 feet.....		4.50	40.00
5 to 6 feet.....		6.50	60.00
6 to 8 feet.....		7.50	70.00
8 to 10 feet.....		10.00	95.00
PINUS SYLVESTRIS			Scotch Pine
Upright, rapid growing pine for tall border or screen plantings.			
3 to 4 feet.....		2.50	22.50
4 to 5 feet.....		4.00	37.50
5 to 6 feet.....		6.00	57.50
6 to 8 feet.....		8.00
PSEUDOTSUGA DOUGLASI			Douglas-Fir
Resembling the spruce in outline, but with beautiful, soft foliage varying in color from deep green to silvery-blue.			
18 to 24 inch.....		2.00	17.50
2 to 3 feet.....		2.50	27.50
3 to 4 feet.....		3.50	32.50
RETINISPORA FILIFERA			Thread Cypress
One of the most graceful Retinisporas; medium height; pendulous, dark green, thread-like branches.			
12 to 18 inch.....		2.00	17.50
2 to 2½ feet.....		3.50	32.50
2½ to 3 feet.....		4.50	42.50
3 to 4 feet.....		6.00	57.50
4 to 5 feet.....		8.50	80.00
5 to 6 feet specimens.....		15.00
6 to 8 feet specimens.....		20.00
RETINISPORA FILIFERA AUREA			Golden Thread Cypress
Dwarfer habit than the preceding; bright golden foliage.			
12 to 15 inch.....		2.50	22.50
15 to 18 inch.....		3.50	32.50
RETINISPORA OBTUSA			Hinoki Cypress
Upright, graceful habit; soft frond-like foliage which remains dark green.			
18 to 24 inch.....		2.50	22.50
2 to 3 feet.....		3.50	32.50
3 to 4 feet.....		5.00	47.50
RETINISPORA OBTUSA NANA			Dwarf Hinoki Cypress
Beautiful variety of refined appearance; very dwarf; dark green foliage.			
2 to 4 feet specimens.....		\$7.50 to 10.00

EVERGREENS		Each	Per 10
RETINISPORA PISIFERA	Sawara Cypress		
Tall, pyramidal form; slender graceful branches; light green foliage.			
18 to 24 inch.....	\$2.00	\$17.50	
2 to 3 feet.....	3.50	32.50	
3 to 4 feet.....	5.00	47.50	
RETINISPORA PISIFERA ARGENTEA	Silver Sawara Cypress		
Compact habit; silver-tipped foliage.			
15 to 18 inch.....	2.50	22.50	
3 to 3½ feet specimens.....	10.00	
RETINISPORA PISIFERA AUREA	Golden Sawara Cypress		
Similar to the above in form; rich golden leaves.			
18 to 24 inch.....	2.50	22.50	
2 to 3 feet.....	3.50	32.50	
3 to 4 feet.....	6.00	55.00	
RETINISPORA PLUMOSA	Plume Cypress		
The plume-like foliage is of a soft green color.			
12 to 18 inch.....	2.00	17.50	
18 to 24 inch.....	2.50	22.50	
2 to 2½ feet.....	3.50	32.50	
2½ to 3 feet.....	5.00	47.50	
3 to 4 feet.....	7.50	
RETINISPORA PLUMOSA ARGENTEA	Silvertip Cypress		
Dwarf habit; compact; white-tipped feathery foliage.			
12 to 15 inch.....	2.50	22.50	
15 to 18 inch.....	3.50	32.50	
RETINISPORA PLUMOSA AUREA	Golden Plume Cypress		
Soft, plume-like foliage of a rich golden-yellow.			
12 to 18 inch.....	2.00	17.50	
18 to 24 inch.....	2.75	25.00	
2 to 2½ feet.....	3.50	32.50	
RETINISPORA SQUARROSA VEITCHI	Moss Cypress		
A beautiful variety with soft, graceful foliage of silvery-blue.			
12 to 15 inch.....	2.00	17.50	
18 to 24 inch.....	4.00	
SCIADOPITYS VERTICILLATA	Umbrella Pine		
A rare Japanese evergreen; compact growth, forming a narrow pyramid.			
1½ to 2 feet.....	5.00	45.00	
2 to 2½ feet.....	6.00	55.00	
2½ to 3 feet.....	7.50	70.00	
4 to 6 feet specimens.....	\$12.00 to 15.00	
SPRUCE, see Picea.			
TAXUS BACCATA REPANDENS	Spreading English Yew		
Low, spreading growth, with graceful drooping branches. Valuable for foreground planting.			
12 to 18 inch spread.....	3.00	27.50	
18 to 24 inch spread.....	4.50	42.50	
2 to 4 feet specimens.....	\$7.50 to 10.00	
TAXUS CANADENSIS	Canada Yew		
Dwarf spreading yew, seldom growing more than two feet in height. The rich green foliage assumes a bronze tinge in winter. Thrives well in dense shade.			
12 to 18 inch.....	2.50	22.50	
2 feet x 4 feet specimens.....	10.00	

EVERGREENS

Each Per 10

TAXUS CUSPIDATA (spreading form) Spreading Japanese Yew

Broad and spreading in habit, foliage a rich dark green thruout the entire year. Will thrive well in shady locations. Very hardy.

2	to 2½ feet spread.....	\$7.50	\$72.50
2½	to 3 feet spread.....	10.00	
3	to 3½ feet spread.....	15.00	

TAXUS CUSPIDATA CAPITATA Upright Japanese Yew

This type is of upright growth with deep green foliage. Valuable for hedges or formal work.

18	to 24 inch.....	3.00	27.50
2	to 2½ feet.....	5.00	45.00
2½	to 3 feet.....	7.50	72.50
3	to 4 feet.....	10.00	95.00
4	to 5 feet.....	15.00	
5	to 7 feet specimens.....	\$20.00 to 40.00

TAXUS CUSPIDATA NANA (brevifolia) Dwarf Japanese Yew

A rare and beautiful evergreen of low and spreading habit. Rich, dark green leaves thruout the year.

12	to 15 inch.....	3.50	32.50
15	to 18 inch.....	4.50	42.50
18	to 24 inch.....	6.00	57.50
2	to 2½ feet specimens.....	10.00

THUJA OCCIDENTALIS American Arborvitae

Erect habit and rapid growth makes this a popular evergreen for general planting. Endures shearing and is easy to transplant.

	Each	Per 10	Per 100
2 to 3 feet.....	\$2.50	\$22.50	\$200.00
3 to 4 feet.....	3.50	32.50
4 to 5 feet.....	4.50	42.50
5 to 6 feet.....	5.00	47.50

THUJA OCCIDENTALIS DOUGLASI PYRAMIDALIS**Spiral or Douglas Pyramidal Arborvitae**

Spiral-like form with beautiful, dark green, crested foliage.

	Each	Per 10
3 to 4 feet.....	\$4.00	\$37.50
4 to 5 feet.....	5.00	47.50

THUJA OCCIDENTALIS ELLWANGERIANA Tom Thumb Arborvitae

Compact pyramid, with foliage resembling *Retinispora plumosa*.

15 to 18 inch.....	2.50	22.50
--------------------	------	-------

THUJA OCCIDENTALIS GLOBOSA American Globe Arborvitae

Foliage bright green, growing naturally round or globe shape.

9 to 12 inch.....	1.00	7.50
-------------------	------	------

THUJA OCCIDENTALIS HOVEYI Hovey Arborvitae

Slow growing, compact and conical, with light green foliage.

15 to 18 inch.....	2.00	17.50
--------------------	------	-------

THUJA OCCIDENTALIS PYRAMIDALIS American Pyramidal Arborvitae

Tall, columnar evergreen, useful in formal effects, retaining its bright green color thruout the winter.

2 to 3 feet.....	3.00	27.50
3 to 4 feet.....	4.00	37.50
4 to 5 feet.....	5.00	47.50
5 to 6 feet.....	7.50	72.50

EVERGREENS

Each Per 10

THUJA OCCIDENTALIS READI**Reid Arborvitae**

Broad and bushy, forming compact globes with rich green foliage.

12 to 15 inch. \$2.00 \$17.50

THUJA OCCIDENTALIS ROSENTHALI**Rosenthal Arborvitae**

Columnar form; very compact. Useful in formal plantings.

3 to 4 feet. 6.50

4 to 5 feet 9.00

THUJA OCCIDENTALIS WAREANA**Ware or Siberian Arborvitae**

Compact habit; dense foliage of dark grayish-green color.

2 to 2½ feet. 3.50

2½ to 3 feet. 5.00

3 to 4 feet. 7.50

THUJA OCCIDENTALIS WOODWARDI**Woodward Arborvitae**

One of the best globe forms of Arborvitae.

15 to 18 inch. 3.00

THUJA ORIENTALIS**Oriental Arborvitae**

Tall and slender, forming a broad pyramid at maturity; rich green leaves which turn to a rich bronzy brown in the fall.

2 to 3 feet. 3.00 27.50

3 to 4 feet. 4.00 37.50

THUJA ORIENTALIS AUREA NANA**Berkmans Golden Arborvitae**

Globe shaped, with golden tipped, frond-like foliage.

15 to 18 inch. 3.50 32.50

TSUGA CANADENSIS**American or Canada Hemlock**

One of the most beautiful evergreens. Naturally open and drooping in growth, but very dense when pruned.

	Each	Per 10	Per 100
12 to 18 inch.	\$2.00	\$17.50	\$160.00
2 to 3 feet.	3.00	25.00	230.00
3 to 4 feet.	4.00	35.00
4 to 5 feet.	5.00	45.00
5 to 6 feet.	6.00	55.00
6 to 7 feet.	7.50	70.00

TSUGA CANADENSIS PENDULA**Sargent Weeping Hemlock**

Low and broad; graceful, pendent branches.

3 feet x 3½ feet. 35.00

TSUGA CAROLINIANA**Carolina Hemlock**

Somewhat richer in appearance than the American Hemlock and of more compact growth.

	Each	Per 10
18 to 24 inch.	\$3.00	\$27.50
2 to 3 feet.	4.00	37.50
3 to 4 feet.	5.00	47.50

TSUGA DIVERSIFOLIA**Japanese Hemlock**

Graceful, spreading branches; rich green, glossy foliage.

15 to 18 inch. 2.50 22.50

2 to 2½ feet. 5.00 45.00

UMBRELLA-PINE, see Sciadopitys.**YEW, see Taxus.**

Evergreen Shrubs

ABELIA GRANDIFLORA

Glossy Abelia

Graceful evergreen shrub with small glossy leaves and beautiful small white flowers blushed with pink.

	Each	Per 10
12 to 15 inch, 5 inch pots.....	\$1.50	\$12.50

ANDROMEDA FLORIBUNDA

Mountain Andromeda

A native plant of distinct characteristics. Its rich evergreen foliage and abundance of Lily-of-the-Valley-like flowers, makes it most effective when grouped with other broadleaf evergreens.

12 to 15 inch.....	3.50	32.50
--------------------	------	-------

ANDROMEDA JAPONICA

Japanese Andromeda

A native of Japan, resembling the above in most characteristics, but having a richer and glossier foliage.

12 to 15 inch.....	3.00	27.50
--------------------	------	-------

AZALEA AMOENA

Amoena Azalea

Charming, low growing evergreen with dark pink or magenta flowers. Very showy when in bloom.

12 to 15 inch.....	3.25	30.00
--------------------	------	-------

AZALEA HINODEGIRI

Hinodegiri Azalea

Deep green foliage, turning a rich, bronze-green in autumn; flowers a brilliant crimson.

12 to 15 inch.....	3.50	32.50
--------------------	------	-------

BOX, see Buxus.

BUXUS SEMPERVIRENS

Common Box

Slow growing, old fashioned evergreen shrub. Valuable for formal work or tubs.

12 inch x 12 inch.....	4.00
15 inch x 15 inch.....	6.00
18 inch x 18 inch.....	8.00

COTONEASTER HORIZONTALIS

Rock Cotoneaster

A dwarf spreading variety with evergreen foliage in sheltered locations. Bright red berries which remain through the Winter.

6 to 8 inch, 3 inch pots.....	.75	6.00
-------------------------------	-----	------

DAPHNE CNEORUM

Rose Daphne

Low growing tufts with attractive foliage and producing terminal clusters of clear pink flowers in June.

6 to 9 inch, in pots.....	1.50	12.50
---------------------------	------	-------

EUONYMUS RADICANS

Wintercreeper

Rich, deep green foliage.	Each	Per 10	Per 100
9 to 12 inch.....	.35	3.25	\$30.00

EUONYMUS RADICANS VARIEGATUS Silveredge Wintercreeper

Similar to preceding, with exception of foliage.

9 to 12 inch.....	.35	3.25	30.00
-------------------	-----	------	-------

EUONYMUS RADICANS VEGETUS

Bigleaf Wintercreeper

Resembles Radicans, except more erect and branching habit, larger leaf. Excellent plant for foreground to Rhododendrons.

9 to 12 inch.....	.50	4.50	40.00
12 to 15 inch.....	.75	6.50

HOLLYGRAPE, see Mahonia.

EVERGREEN SHRUBS		Each	Per 10	Per 100
KALMIA LATIFOLIA	Mountain-Laurel			
Well known thruout all New England, where it is indigenous. Blooming earlier than the Rhododendron maximum, they can be used either in connection with the former or in individual masses.				
18 to 24 inch.....		\$2.50	\$22.50	\$200.00
2 to 3 feet.....		3.50	32.50	275.00
LEUCOTHOE CATESBAEI	Drizzling Leucothoe			
A low growing evergreen shrub producing tresses of Andromeda-like flowers. The foliage is a rich green during the summer months, turning to a bronze with the approach of winter.				
15 to 18 inch.....		1.50	12.50	100.00
MAHONIA AQUIFOLIUM	Oregon Hollygrape			
Holly-like leaves, yellow flowers in May. Handsome broadleaf.				
18 to 24 inch.....		2.50	20.00
MOUNTAIN-LAUREL , see <i>Kalmia</i> .				
MYRTLE , see <i>Vinca</i> .				
PACHYSANDRA TERMINALIS	Japanese Pachysandra			
A low, evergreen cover plant, with rich, dark green foliage. Valuable for planting among evergreens or as a cover where grass will not grow.				
3 inch pots.....		.25	2.00	15.00
PERIWINKLE , see <i>Vinca</i> .				
PIERIS , see <i>Andromeda</i> .				
RHODODENDRON CAROLIANIANUM	Carolina Rhododendron			
Dwarf, compact habit; small dainty green leaves; flowers of a pale rose-pink borne in great profusion.				
12 to 18 inch.....		2.50	22.50
18 to 24 inch.....		3.50	32.50
RHODODENDRON CATAWBIENSE	Catawba Rhododendron			
This is one of our finest Broadleaf evergreens. Flowers are a bright rose-purple borne in large clusters at the end of the branches.				
18 to 24 inch.....		3.00	27.50
2 to 2½ feet.....		4.00	37.50
RHODODENDRON MAXIMUM	Rosebay Rhododendron			
Our native Rhododendron is by far the most extensively planted of all broadleaf evergreens. Large mass plantings of these, make a most brilliant effect, not only during the blossoming period with their white and pink clusters, but wonderful foliage effects, during summer and winter. Will grow under extreme, dense shade and is very hardy.				
18 to 24 inch.....		2.50	22.50	200.00
2 to 3 feet.....		3.50	32.50	300.00
3 to 4 feet.....		4.00	37.50	350.00
4 to 5 feet.....		7.50	72.50
VINCA MINOR	Common Periwinkle			
One of the best evergreen plants for covering the ground, forming a dark green carpet.				
Field grown.....		.25	2.00	12.00
VINCA MINOR ALBA	White Common Periwinkle			
A variety of the above with white flowers.				
3 inch pots.....		.35	3.00
WINTERCREEPER , see <i>Euonymus</i> .				
YUCCA FILAMENTOSA	Common Yucca			
Tropical-like foliage 2 to 3 feet long. Lily-like flowers in July on tall stems. Valuable for sandy, rocky soils.				
2 years.....		.50	4.00

Deciduous Trees

ACANTHOPANAX RICINIFOLIUM

Castor-aralia

Large tropical-like foliage, rapid grower and especially adapted for tall screen plantings. Extremely hardy and will grow satisfactorily on poor soil.

	Each	Per 10	Per 100
6 to 8 feet.....	\$2.50	\$22.50
8 to 10 feet.....	3.00	25.00
10 to 12 feet.....	4.00	35.00

ACER CAMPESTRE

Hedge Maple

A tree of moderate, dense growth; dull green foliage; valuable for planting as a screen.

6 to 8 feet.....	2.50	22.50
8 to 10 feet.....	3.50	32.50
10 to 12 feet.....	5.00	45.00

ACER DASYCARPUM

Silver Maple

A rapid growing maple of spreading habit; foliage silvery underneath. Valuable for planting on sandy soil.

10 to 12 feet.....	3.00	25.00
12 to 15 feet.....	4.00	35.00
18 to 20 feet specimens...	\$5.00 to 15.00

ACER DASYCARPUM WIERI

Wier Maple

A strong grower with pendulous branches and fern-like foliage. Valuable as a specimen.

8 to 10 feet.....	2.50	22.50
-------------------	------	-------	-------

ACER GINNALA

Amur Maple

Graceful shrub-like tree, with handsome foliage turning bright red in autumn. Valuable for screen or tall border.

5 to 6 feet.....	1.50	12.50
6 to 8 feet.....	2.00	17.50

ACER PALMATUM

Japanese Maple

A graceful shrubby grower, foliage beautifully tinted in spring and very brilliant in the fall.

2 to 3 feet.....	2.50	20.00
3 to 4 feet.....	4.00	35.00
4 to 5 feet.....	5.00	45.00
5 to 6 feet.....	7.50	70.00

ACER PALMATUM ATROPURPUREUM

Bloodleaf Japanese Maple

A red leaved variety of the preceding. A popular lawn specimen.

2 to 3 feet.....	4.00	37.50
3 to 4 feet.....	7.50
4 to 8 feet specimens	\$10.00 to 15.00

ACER PLATANOIDES

Norway Maple

One of the best trees for street planting. Rapid grower; develops into a broad symmetrical specimen.

8 to 10 feet.....	2.00	17.50	\$150.00
10 to 12 feet	1½ to 1¾ in. dia...	2.50	22.50 200.00
12 to 14 feet	1¾ to 2 in. dia ..	3.00	27.50 225.00
12 to 14 feet	2 to 2½ in. dia...	4.00	35.00 275.00
14 to 16 feet	2½ to 3 in. dia...	5.00	45.00 375.00
14 to 16 feet	3 to 3½ in. dia...	7.50	60.00 500.00
18 to 25 feet specimens...	\$10.00 to 25.00

ACER PLATANOIDES SCHWEDLERI

Schwedler Maple

Same habit of growth as the Norway Maple, but the unfolding leaves are a rich amber-red.

12 to 14 feet	2 to 2½ in. dia...	7.50
---------------	--------------------	------	-------

DECIDUOUS TREES

Each Per 10 Per 100

ACER RUBRUM**Red Maple**

Scarlet flowers in early spring; foliage in autumn changing to gorgeous tints of scarlet, crimson and orange. Thrives best in moist ground.

8 to 10 feet	\$2.50	\$22.50
10 to 12 feet 1¾ to 2 in. dia...	3.50	30.00
12 to 14 feet 2 to 2½ in. dia...	5.00	45.00
14 to 16 feet 2½ to 3 in. dia...	7.50	70.00

ACER SACCHARUM**Sugar Maple**

Excellent street or lawn tree; upright, compact habit; foliage assumes brilliant tints in autumn. Avoid planting on wet ground.

8 to 10 feet	2.00	17.50	\$150.00
10 to 12 feet 1½ to 1¾ in. dia...	3.50	32.50	300.00
12 to 14 feet 2 to 2½ in. dia...	5.00	45.00	400.00
14 to 16 feet 2½ to 3 in. dia...	7.50	70.00
14 to 16 feet 3 to 3½ in. dia...	10.00	95.00

ACER TATARICUM**Tatarian Maple**

Shrub-like tree, brilliant autumn coloring, hardy and very desirable

2 to 3 feet.....	.75	6.50
3 to 4 feet.....	1.00	9.00

AESCULUS CARNEA**Red Horsechestnut**

Medium size tree, with showy red blooms.

8 to 10 feet.....	6.00
-------------------	------	-------	-------

AESCULUS HIPPOCASTANUM**Horsechestnut**

Large, symmetrical tree with upright spikes of white flowers in May.

10 to 12 feet.....	4.00	35.00
--------------------	------	-------	-------

AMYGDALUS RUBROPLENA**Double Red Peach**

Shrub-like tree, bearing an abundance of double red flowers in May.

4 to 5 feet.....	1.50	12.50
------------------	------	-------	-------

ARALIA SPINOSA**Devils-walkingstick**

Small tree with stout prickly branches and tropical-like foliage. Large clusters of small white flowers in July.

6 to 8 feet.....	1.50	12.50
8 to 10 feet.....	2.00	17.50

ASH, see Faxinus.**BEECH, see Fagus.****BETULA ALBA****European White Birch**

Handsome tree of moderate size, with silvery white bark and slender drooping branches.

5 to 6 feet.....	1.50	13.50
6 to 8 feet.....	2.50	22.50

BETULA ALBA PENDULA**European Weeping Birch**

A graceful drooping tree with finely cut foliage and white bark.

4 to 5 feet.....	2.50
5 to 6 feet.....	3.50

BETULA PAPYRIFERA**Canoe Birch**

The largest growing of the birch family with creamy white bark. A native of the extreme north and in many respects the best of the white bark varieties.

6 to 8 feet.....	2.00	17.50
8 to 10 feet.....	3.00

DECIDUOUS TREES

Each Per 10 Per 100

CORNUS FLORIDA RUBRA**Redflowering Dogwood**

Similar in habit to the white flowering variety, except a little slower grower. Flowers of deep rosy-pink. Especially desirable when grouped with the white variety for contrast of color.

2 to 3 feet	B & B.....	\$1.75	\$15.00
3 to 4 feet	B & B.....	2.50	20.00
4 to 5 feet	B & B.....	3.50	32.50
5 to 6 feet	B & B.....	5.00	45.00

CORNUS KOUSA**Kousa Dogwood**

Similar in habit to our native dogwood. White flowers in June.

3 to 4 feet.....	1.50	12.50
5 to 6 feet.....	3.50	32.50
6 to 8 feet.....	4.50	42.50
8 to 10 feet.....	6.00	55.00
10 to 12 feet.....	7.50	72.50

CRABAPPLE, see *Malus*.

CRATAEGUS COCCINEA**Thicket Hawthorn**

A native variety with white blooms in May, large scarlet fruit in the fall.

4 to 5 feet	B & B.....	2.00	17.50
6 to 8 feet	B & B.....	3.50	32.50
8 to 10 feet	B & B.....	4.50	42.50

CRATAEGUS CORDATA**Washington Hawthorn**

A desirable species with beautiful fall coloring. Large clusters of bright red fruit remaining a long time on the branches.

4 to 5 feet	B & B.....	2.00	17.50
5 to 6 feet	B & B.....	3.50	32.50

CRATAEGUS CRUSGALLI**Cockspur Thorn**

Small, bushy tree; attractive flowers, showy red fruit;

2 to 3 feet.....	1.00	7.50
------------------	------	------	-------

CRATAEGUS OXYCANTHA SPLENDENS.....**Paul Double Scarlet Hawthorn**

A form of the English Hawthorn, with clusters of scarlet flowers.

3 to 4 feet.....	1.50	12.50
------------------	------	-------	-------

DEVILS-WALKINGSTICK, see *Aralia*.

DOGWOOD, see *Cornus*.

ELM, see *Ulmus*.

FAGUS AMERICANA**American Beech.**

Our native Beech. Somewhat slow grower, but in time reaching to magnificent proportions. With its smooth gray bark and dark shiny leaves, it is distinctive, both in summer and winter.

4 to 5 feet	B & B.....	3.50	32.50
5 to 6 feet	B & B.....	5.00	45.00
6 to 8 feet	B & B.....	7.50	70.00
8 to 10 feet	B & B.....	10.00
10 to 12 feet	B & B.....	12.50

FAGUS SYLVATICA**European Beech**

Compact growing tree of fine shape and holding the leaves until late winter.

4 to 5 feet	B & B.....	5.00	45.00
6 to 8 feet	B & B.....	7.50	70.00
8 to 10 feet	B & B.....	10.00	95.00

DECIDUOUS TREES		Each	Per 10	Per 100
FAGUS SYLVATICA HETEROPHYLLA			Fernleaf Beech	
A shrub-like form having deeply cut foliage.				
6 to 8 feet	B & B.....	\$10.00
8 to 9 feet	B & B.....	12.50
FAGUS SYLVATICA RIVERSI			Rivers Beech	
Large compact tree with rich purple leaves.				
8 to 10 feet	B & B.....	12.00
10 to 12 feet	B & B.....	18.00
FRAXINUS AMERICANA			White Ash	
A majestic native tree.				
8 to 10 feet.....		2.00	\$17.50
10 to 12 feet.....		2.50	20.00
FRAXINUS LANCEOLATA			Green Ash	
Tall and stately tree making rapid growth.				
8 to 10 feet.....		2.00	17.50
10 to 12 feet.....		2.50	20.00
GINKGO BILOBA			Maidenhair-tree	
A Japanese tree of pyramidal habit, rapid grower and hardy.				
8 to 10 feet		3.00	27.50
10 to 12 feet	1½ to 2 in. dia...	4.00	37.50	\$300.00
12 to 14 feet	2 to 2½ in. dia...	6.00	57.50
GLEDITSIA TRIACANTHOS			Common Honeylocust	
Vigorous tree with wide spreading branches.				
2 to 3 feet.....		.50	4.00	35.00
3 to 4 feet.....		.75	6.00	50.00
HAWTHORN , see <i>Crataegus</i> .				
HONEYLOCUST , see <i>Gleditsia</i> .				
HORNBEAM , see <i>Carpinus</i> .				
HORSECHESTNUT , see <i>Aesculus</i> .				
JAPAN MAPLES , see <i>Acer palmatum</i> .				
JUDAS-TREE , see <i>Cercis</i> .				
JUGLANS CINERA			Butternut	
A native tree, with grayish colored bark.				
3 to 4 feet.....		1.00	9.00
4 to 5 feet.....		1.50	12.50
JUGLANS NIGRA			Black Walnut	
A handsome spreading tree, bearing delicious nuts.				
4 to 5 feet.....		1.50	12.50
KATSURA-TREE , see <i>Cercidiphyllum</i> .				
LARCH , see <i>Larix</i> , also <i>Pseudolarix</i>				
LARIX EUROPAEA			European Larch	
A vigorous growing tree, with fleecy-green foliage early spring.				
12 to 15 feet.....		4.00	35.00
LARIX LEPTOLEPSIS			Japanese Larch	
The most rapid grower of all the Larches. Soft bluish-green needle-like foliage in spring, turning to a warm yellow in autumn.				
10 to 12 feet.....		4.00	35.00
12 to 14 feet.....		5.00	45.00
LINDEN , see <i>Tilia</i> .				

DECIDUOUS TREES		Each	Per 10	Per 100
LIRIODENDRON TULIPIFERA				Tuliptree
Very rapid growing tree bearing yellowish-green flowers.				
6 to 8 feet.....	\$2.00	\$17.50	
8 to 10 feet.....	2.50	22.50	
MAGNOLIA ACUMINATA				Cucumbertree
Vigorous growing tree; pale yellow flowers.				
6 to 8 feet.....	2.50	
MAGNOLIA ALBA SUPERBA				Large Saucer Magnolia
A medium sized tree with creamy-white flowers.				
2 to 3 feet B & B.....	5.00	
3 to 4 feet B & B.....	7.50	
4 to 5 feet B & B.....	10.00	
MAGNOLIA CONSPICUA				Yulan Magnolia
Of medium habit; covered in May with snow-like masses of white flowers.				
2 to 3 feet B & B.....	7.50	
MAGNOLIA GLAUCA				Sweetbay
Dark green leathery leaves; creamy white flowers which are delightfully fragrant.				
2 to 3 feet B & B.....	3.00	27.50	
3 to 4 feet B & B.....	4.00	37.50	
4 to 5 feet B & B.....	5.00	47.50	
5 to 6 feet B & B.....	7.50	70.00	
MAGNOLIA KOBUS				Kobus Magnolia
A beautiful and fragrant magnolia from Japan, a handsome tree.				
6 to 8 feet.....	5.00	
8 to 10 feet.....	7.50	
MAGNOLIA STELLATA				Star Magnolia
Shrub-like tree with star shaped flowers. The first Magnolia to bloom in the spring.				
2 to 3 feet.....	7.50	
MAGNOLIA TRIPETALA				Umbrella Magnolia
Large, tropical-like leaves.				
6 to 8 feet.....	3.50	22.50	
MAIDENHAIR-TREE, see Ginkgo.				
MALUS ATROSANGUINEA				Carmine Crab
Wide spreading tree with a profusion of rose-pink flowers.				
3 to 4 feet.....	1.50	12.50	
MALUS FLORIBUNDA				Japanese Flowering Crab
One of the best of the flowering crabs; bright pink flower buds, opening white. Small yellow fruit in autumn.				
3 to 4 feet.....	1.50	12.50	
MALUS IOENSIS PLENA				Bechtel Crab
Fragrant large double flowers of a delicate pink color.				
2 to 3 feet.....	1.50	12.50	
MALUS NIEDWETZKYANA				Redvein Crab
An interesting upright growing variety with red colored flowers, branches, leaves and fruit.				
4 to 5 feet.....	2.50	

DECIDUOUS TREES		Each	Per 10	Per 100
MALUS PARKMANI (<i>halliana</i>)	Parkman Crab			
Broad and spreading form with bright rose semi-double flowers.				
3 to 4 feet.....		\$1.50	\$12.50
MALUS SCHEIDECKERI	Scheidecker Crab			
Upright habit, bearing an abundance of small pink flowers.				
3 to 4 feet.....		1.50	12.50
MALUS SPECTABILIS	Chinese Flowering Crab			
Pyramidal form. Large pink semi-double flowers.				
3 to 4 feet.....		1.50	12.50
MAPLE, see Acer				
MORUS ALBA PENDULA	Weeping Mulberry			
Commonly called the umbrella shaped mulberry.				
2 year heads.....		3.50	32.50
MOUNTAIN-ASH, see Sorbus.				
MULBERRY, see Morus.				
NYSSA SYLVATICA	Tupelo			
A large tree with angular branches, small glossy leaves which turn brilliant red in early autumn.				
12 to 18 inch, pots.....		1.25	10.00
OAK, see Quercus.				
OXYDENDRUM ARBOREUM	Sourwood			
One of the most ornamental shrub-like trees in cultivation, foliage a rich glossy-green turning to brilliant crimson in the fall. An abundance of blooms, resembling Lily-of-the-valley, in July.				
5 to 6 feet B & B.....		2.50	20.00
6 to 8 feet B & B.....		3.50	30.00
8 to 10 feet B & B.....		5.00	45.00
10 to 12 feet B & B.....		7.50	70.00
PEACH, DOUBLE FLOWERING, see Amygdalus.				
PHELLODENDRON AMURENSE	Amur Corktree			
Rapid growing tree of spreading habit. Valuable for dry situations.				
8 to 10 feet.....		2.00	17.50
16 to 18 feet 2 to 3 in. dia.....		5.00	45.00
PLANE, see Platanus.				
PLATANUS ORIENTALIS	European Planetree			
A noble tree of very rapid growth. Very desirable for avenue planting.				
8 to 10 feet.....		2.00	17.50
PLUMS, see Prunus.				
POPLAR, see Populus.				
POPULUS EUGENIE	Carolina Poplar			
Rapid growing tree where quick results are required. Should only be used as fillers.				
8 to 10 feet.....		1.00	9.00	\$75.00
POPULUS NIGRA ITALICA	Lombardy Poplar			
A favorite tree where striking pyramidal masses of foliage are required. Valuable for tall screens.				
6 to 8 feet.....		1.00	9.00	75.00
8 to 10 feet.....		1.25	10.00	90.00

DECIDUOUS TREES		Each	Per 10	Per 100
PRUNUS SERRULATA (J. H. Veitch)		J. H. Veitch Cherry		
A beautiful dwarf, double pink cherry.				
3 to 4 feet.....		\$3.50	\$32.50
4 to 5 feet.....		5.00
5 to 6 feet.....		7.50
PRUNUS SERRULATA SACHALINENSIS		Yama Cherry		
Large Japan cherry, beautiful pink flowers, rare and desirable.				
6 to 8 feet.....		3.50	30.00
8 to 10 feet.....		5.00	45.00
PRUNUS SUBHIRTILLA PENDULA		Japanese Weeping Cherry		
Producing an abundance of delicate pink flowers.				
2 to 3 feet.....		3.00
4 to 5 feet.....		6.00
6 to 8 feet.....		8.00
PRUNUS PISSARDI		Purpleleaf Plum		
Flowering plum with deep purple foliage.				
4 to 5 feet.....		2.00	17.50
PSEUDOLARIX KAEMPFERI		Goldenlarch		
Tall tree with horizontal branches; foliage similar to the Larch.				
10 to 12 feet specimens.....		10.00
QUERCUS BICOLOR		Swamp White Oak		
Vigorous; holds leaves till early Winter. Prefers moist soil.				
6 to 8 feet.....		3.00
8 to 10 feet.....		4.00
QUERCUS COCCINEA		Scarlet Oak		
A symmetrical tree with deeply cut leaves that turn a vivid scarlet in autumn.				
4 to 5 feet.....		1.75	15.00
6 to 8 feet.....		2.50	22.50
QUERCUS PALUSTRIS		Pin Oak		
The Pin Oak is by far the most planted of all the native oaks. Graceful in form, glossy deeply-pinnated foliage. Splendid for lawn or street.				
8 to 10 feet.....		2.00	17.50	\$150.00
10 to 12 feet 1½ to 1¾ in. dia...		3.00	27.50	250.00

14 to 16 feet 3 to 3½ in. dia...		8.50	80.00
QUERCUS RUBRA		Common Red Oak		
A spreading symmetrical tree with deep green leaves turning to red in fall.				
8 to 10 feet 1¼ to 1½ in. dia...		3.00	27.50
10 to 12 feet 1½ to 1¾ in. dia...		4.00	37.50
12 to 14 feet 1¾ to 2 in. dia...		5.00	47.50
14 to 16 feet 2 to 2½ in. dia...		6.00	57.50	500.00
REDBUD, see Cercis.				
SALISBURIA, see Ginkgo.				
SALIX BABYLONICA		Babylon Weeping Willow		
The well-known weeping willow.				
6 to 8 feet.....		1.50	12.50

DECIDUOUS TREES		Each	Per 10	Per 100
SALIX ELEGANTISSIMA	Thurlow Weeping Willow			
Erect tree with graceful pendent branches.				
6 to 8 feet.....		\$1.50	\$12.50
8 to 10 feet.....		2.00	17.50
SALIX MUTABILIS	Dwarf Pussy Willow			
Low growing shrub willow with extra large silver "pussies."				
Dwarf enough habit to be used in average border planting.				
2 to 3 feet.....		.75	6.00
SALIX PENTANDRA	Laurel Willow			
Broad shiny green leaves. Tree erect and somewhat spreading.				
8 to 10 feet.....		2.00	17.50
SALIX SIEBOLDIANA	Siebold Willow			
A very graceful, slender-branched, shrub-like willow, with sage-green foliage and small "pussies."				
6 to 8 feet.....		1.50	12.50
8 to 10 feet.....		2.00	17.50
SALIX VITELLINA	Golden Willow			
The bark is bright yellow in winter, giving a pleasing effect.				
6 to 8 feet.....		1.50	12.50
8 to 10 feet.....		2.00	17.50
SALIX VITELLINA PENDULA	Weeping Golden Willow			
A most beautiful weeping golden-bark willow.				
8 to 10 feet.....		2.00	17.50
12 to 14 feet.....		3.00	27.50
SOPHORA JAPONICA	Chinese Scholartree			
Slow growing tree with dark green branches.				
2 to 3 feet.....		1.50	12.50
SORBUS AUCUPARIA	European Mountain-Ash			
Large clusters of bright red berries in the fall.				
6 to 8 feet.....		2.50	22.50
SOURWOOD, see Oxydendrum.				
THORNS, see Crataegus.				
TILIA EUCHLORA	Crimean Linden			
Probably the best of all the lindens for general use; vigorous in growth; attractive bark with dark green glossy foliage.				
10 to 12 feet.....		3.00	27.50
12 to 14 feet 1¾ to 2 in. dia...		4.00	35.00

YELLOW-WOOD, see Cladrastis.				

Deciduous Shrubs

ACANTHOPANAX PENTAPHYLLUM

Aralia

Rapid growing graceful habit, dark green foliage. Valuable for shady places.

	Each	Per 10	Per 100
2 to 3 feet.....	\$.50	\$4.50	\$35.00

ALMOND, see *Prunus*.

ALTHEA, see *Hibiscus*.

AMELANCHIER CANADENSIS

Downy Shadblow

White flowers in early May, followed by red fruit.

2 to 3 feet.....	.50	4.00
------------------	-----	------	-------

AMORPHA FRUTICOSA

Indigobush

Tall growing shrub with dark purple flowers and feathery foliage.

2 to 3 feet.....	.50	4.00
------------------	-----	------	-------

ARALIA, see *Acanthopanax*.

ARONIA ARBUTIFOLIA

Red Chokeberry

A native shrub of medium size. Much planted for its attractive white flowers and abundant clusters of red fruit in autumn.

18 to 24 inch.....	.35	2.50
--------------------	-----	------	-------

2 to 3 feet.....	.50	4.00
------------------	-----	------	-------

ARROWWOOD, see *Viburnum dentatum*.

AZALEA ARBORESCENS

Sweet Azalea

Fragrant white flowers in June, foliage rich bronze in fall.

18 to 24 inch B & B.....	2.50	22.50
--------------------------	------	-------	-------

AZALEA CALENDULACEA

Flame Azalea

Brilliant shades of yellow to orange, flowers in May.

18 to 24 inch. B & B.....	2.50	22.50
---------------------------	------	-------	-------

AZALEA KAEMPFERI

Torch Azalea

The foliage remains on all winter in sheltered locations. Flowers vary from light pink to rose.

18 to 24 inch. B & B.....	3.00	27.50
---------------------------	------	-------	-------

2 to 2½ feet B & B.....	4.00	37.50
-------------------------	------	-------	-------

AZALEA MOLLIS

Chinese Azalea

Bushy habit; flowers yellow to deep rose.

12 to 15 inch B & B.....	2.50	22.50
--------------------------	------	-------	-------

AZALEA NUDIFLORA

Pinxterbloom

Our native Honeysuckle. Deep pink flowers, May.

18 to 24 inch B & B.....	2.00	17.50
--------------------------	------	-------	-------

2 to 2½ feet B & B.....	2.50	22.50
-------------------------	------	-------	-------

AZALEA VASEYI

Pinkshell Azalea

Graceful shrub bearing shell-pink blooms in May. Foliage rich red in Autumn.

18 to 24 inch B & B.....	3.00	27.50
--------------------------	------	-------	-------

AZALEA VISCOSA

Swamp Azalea

Fragrant white flowers in July. Useful for moist grounds.

18 to 24 inch B & B.....	2.50	22.50
--------------------------	------	-------	-------

AZALEA YODOGAWA

Yodogawa Azalea

Double, deep lilac flowers in early May. One of the earliest Azaleas to bloom.

9 to 12 inch B & B.....	1.50	12.50

DECIDUOUS SHRUBS		Each	Per 10	Per 100
BARBERRY, see Berberis.				
BAYBERRY, see Myrica.				
BENZOIN AESTIVALE				Spicebush
Small yellow flowers in early Spring; bright red berries in Fall.				
2 to 3 feet.....		\$.75	\$ 6.00
BERBERIS THUNBERGI				Japanese Barberry
For hedges, group plantings and specimens, this is the most popular plant in America. Will thrive in shady places. When in doubt, plant Japanese Barberry.				
12 to 18 inch.....		.35	3.00	\$22.50
18 to 24 inch.....		.50	4.00	35.00
BERBERIS THUNBERGI NANA				Box-Barberry
The New Hardy Edging and Dwarf Hedge Plant.				
Box-Barberry was introduced by us in the fall of 1916, and today is the most popular and practical plant for low hedges or for edging formal gradens north of Washington.				
For years Landscape Architects and Plantsmen have looked for a hardy edging plant, with the dainty foliage and compact habit of the dwarf Boxwood, which would stand in northern gardens. Box-Barberry has stood every test that is required of a dwarf edging plant for the north. It is dwarf, of compact habit, with small thin branches, which permit frequent pruning without becoming coarse. The light green, dainty foliage is attractive throughout the summer, and in the autumn it gives a rich tone to the garden, with its crimson foliage. Even in winter, the bare, gray-brown twigs are attractive.				
		Per 1000		
6 to 8 inch 2 years...	\$225.00	25.00
8 to 12 inch 3 years...	275.00	30.00
12 to 15 inch 4 years...	325.00	35.00
BLUEBERRY, see Vaccinum.				
BOX-BARBERRY, see Berberis thunbergi nana.				
BUDDLEIA DAVIDI MAGNIFICA				Oxeye Butterflybush
Long spikes of lilac-blue flowers from mid-summer until late				
2 years.....		.50	4.00	35.00
BUTTERFLYBUSH, see Buddleia.				
BUTTONBUSH, see Cephalanthus.				
CALYCANTHUS FLORIDUS				Common Sweetshrub
Fragrant chocolate-colored blooms.				
18 to 24 inch.....		.50	3.50
2 to 3 feet.....		.75	6.00
CARAGANA ARBORESCENS				Siberian Pea-tree
A hardy, upright growing shrub with small, compound foliage, and bearing a profusion of yellow pea-shaped flowers that are very attractive among the small foliage.				
2 to 3 feet.....		.50	4.00
CEPHALANTHUS OCCIDENTALIS				Common Buttonbush
Large clusters of white ball-shaped flowers in July; prefers moist location.				
18 to 24 inch.....		.35	3.00
CHERRY, see Prunus.				
CHIONANTHUS VIRGINICA				White Fringetree
Tall growing shrub with fringe-like white flowers in June.				
2 to 3 feet.....		1.00	9.00
3 to 4 feet.....		1.50	12.50

DECIDUOUS SHRUBS		Each	Per 10	Per 100
CHOKEBERRY , see <i>Aronia</i> .				
CLETHRA ALNIFOLIA			Summersweet	
Fragrant white flowers in mid-summer. Valuable for moist places.				
18 to 24 inch.....		\$.35	\$3.00
2 to 3 feet.....		.50	4.00	\$35.00
CORALBERRY , see <i>Symphoricarpos vulgaris</i> .				
CORNUS ALBA			Tatarian Dogwood	
The branches are bright coral-red.				
2 to 3 feet.....		.50	4.00	35.00
CORNUS MAS			Cornelian-cherry	
Tall, upright shrub, small yellow flowers in early Spring; bright red cherry-like fruits in Fall.				
4 to 5 feet.....		1.00	9.00
CORNUS PANICULATA			Gray Dogwood	
Upright habit, white flowers in clusters, followed by white berries in Fall.				
18 to 24 inch.....		.35	2.50
2 to 3 feet.....		.50	4.00
CORNUS STOLONIFERA LUTEA			Goldentwig Dogwood	
A striking variety with yellow twigs.				
2 to 3 feet.....		.50	4.00
COTONEASTER DIVARICATA			Spreading Cotoneaster	
Graceful, spreading branches; small shiny leaves; bright red fruit in the fall.				
18 to 24 inch.....		.50	4.50
2 to 3 feet.....		.75	6.50
3 to 4 feet.....		1.00	9.00
COTONEASTER FOVEOLATA				
Upright habit; rich, green foliage, turning to rich yellow in fall; abundance of black fruit.				
2 to 3 feet.....		.75	6.50
3 to 4 feet.....		1.00	9.00
4 to 5 feet.....		1.50	12.50
COTONEASTER HORIZONTALIS , see <i>Evergreen Shrubs</i> .				
CRANBERRYBUSH , see <i>Viburnum opulus</i> .				
CYDONIA JAPONICA			Flowering Quince	
Medium growing shrub, green glossy foliage, scarlet blooms in early Spring.				
18 to 24 inch.....		.75	6.00
2 to 3 feet.....		1.00	9.00
CYDONIA JAPONICA UMBILICATA			Navel Flowering Quince	
Similar habit to preceding, but with rose colored flowers.				
18 to 24 inch.....		.75	6.00
2 to 3 feet.....		1.00	9.00
DEUTZIA GRACILIS			Slender Deutzia	
Dwarf shrub of graceful habit, with single white flowers in May.				
12 to 15 inch.....		.75	6.00	50.00
DEUTZIA LEMOINE			Lemoine Deutzia	
Medium grower, of upright habit, long spikes of white flowers.				
2 to 3 feet.....		.75	6.00	50.00

DECIDUOUS SHRUBS		Each	Per 10	Per 100
DEUTZIA PRIDE OF ROCHESTER			White Deutzia	
Tall, graceful shrub with double white flowers.				
2 to 3 feet.....		\$.50	\$4.00	\$30.00
3 to 4 feet.....		.75	6.00	40.00
DEUTZIA SCABRA PLENA			Double Rose Deutzia	
Tall grower, double pink flowers.				
2 to 3 feet.....		.50	4.00	30.00
3 to 4 feet.....		.75	6.00	40.00
DIRCA PALUSTRIS			Leatherwood	
Compact shrub with tough, fibrous bark; abundance of small yellowish flowers in early spring.				
18 to 24 inch.....		1.50	12.50
2 to 2½ feet.....		2.00	17.50
DOGWOOD, see Cornus.				
ELDER, see Sambucus.				
ELEAGNUS ANGUSTIFOLIA			Russian-olive	
A beautiful ornamental shrub with handsome foliage of silvery hue; white, fragrant flowers and yellow fruit.				
2 to 3 feet.....		.75	6.00
ELEAGNUS UMBELLATA			Autumn Eleagnus	
Tall, spreading shrub with yellowish-brown twigs. The flowers are yellowish-white appearing in May. Oval, scarlet fruits in September.				
4 to 5 feet.....		1.00	9.00
5 to 6 feet.....		1.50	12.50
EUONYMUS ALATUS			Winged Euonymus	
A vigorous, strong growing shrub with corky, winged branches. The rich, dark green leaves turn to a deep crimson in the fall.				
2 to 3 feet.....		1.00	9.00
3 to 4 feet.....		1.50	12.50
4 to 5 feet.....		2.00	17.50
5 to 6 feet.....		3.00
EUONYMUS ALATUS SUBTIFLORUS				
A variety of the preceding, with less corky branches; graceful, pendent branches.				
2 to 3 feet.....		1.00	9.00
3 to 4 feet.....		1.50	12.50
4 to 5 feet.....		2.00	17.50
5 to 6 feet.....		3.00	25.00
EUONYMUS AMERICANUS			Brook Euonymus	
Tall, upright growing shrub; attractive pink fruits in autumn. A desirable shrub for the border.				
3 to 4 feet.....		1.50
4 to 5 feet.....		2.00
EXOCHORDA GRANDIFLORA			Common Pearlbrush	
A tall, rapid growing shrub, covered in early summer with white star-like flowers.				
2 to 3 feet.....		.75	6.00
FALSE SPIRAEA, see Sorbaria.				

DECIDUOUS SHRUBS		Each	Per 10	Per 100
FORSYTHIA INTERMEDIA	Border Forsythia			
Hybrid garden form and extremely free blooming. One of the best.				
2 to 3 feet.....		\$.50	\$4.00	\$30.00
3 to 4 feet.....		.75	6.00
FORSYTHIA SUSPENS	Weeping Forsythia			
A wealth of slender, vine-like branches and golden bell-like blossoms.				
2 to 3 feet.....		.50	4.00	30.00
FORSYTHIA SUSPENS FORTUNEI	Fortune Forsythia			
More upright, vigorous growth than suspensa.				
2 to 3 feet.....		.50	4.00
FRINGETREE , see <i>Chionanthus</i> .				
HALESIA TETRAPTERA	Great Silverbell			
A shrub-like tree with an abundance of white, bell shaped flowers in early spring.				
3 to 4 feet.....		1.00	9.00
4 to 5 feet.....		1.50	12.50
HAMAMELIS JAPONICA	Japan Witch-hazel			
Graceful shrub with dark green leaves. Yellow flowers in early Spring.				
5 to 6 feet.....		5.00
6 to 8 feet.....		7.50
HAMAMELIS VIRGINIANA	Common Witch-hazel			
Tall native shrub with yellow flowers in the late fall.				
2 to 3 feet.....		.75	6.00
3 to 4 feet.....		1.00	9.00
HIBISCUS SYRIACUS	Shrub-althea			
Old-fashion garden shrubs, blooming in August and September.				
2 to 3 feet.....		.75	6.00
3 to 4 feet.....		1.00	9.00
4 to 5 feet.....		1.25	10.00
5 to 6 feet.....		2.00	15.00
VARIETIES.				
Jeanne d'Arc. Pure White				
2 to 3 feet, 4 to 5 feet, 5 to 6 feet.				
Paeoniaiflora. Rosy-purple.				
2 to 3 feet, 3 to 4 feet, 4 to 5 feet.				
Speciosa. Light Pink.				
2 to 3 feet, 3 to 4 feet.				
HONEYSUCKLE , see <i>Lonicera</i> .				
HYDRANGEA ARBORESCENS GRANDIFLORA	Snowhill Hydrangea			
Abundance of showy white snowball flowers in July. Does well in shady places.				
18 to 24 inch.....		.50	4.00
2 to 3 feet.....		.75	6.00
HYDRANGEA PANICULATA GRANDIFLORA	Hydrangea Peegee			
The well-known autumn blooming variety, extra large blossoms, turning pink late in the fall.				
18 to 24 inch.....		.50	4.00	35.00
2 to 3 feet.....		.75	6.00	50.00
2 to 3 feet tree form.....		1.00	9.00

DECIDUOUS SHRUBS		Each	Per 10	Per 100
HYDRANGEA RADIATA		Silverleaf Hydrangea		
Rich green leaves silvery beneath.				
2 to 3 feet.....		\$.75	\$6.00
HYPERICUM DENSIFLORUM		St. Johnswort		
Clusters of bright yellow blooms in mid-summer. Narrow, glossy green foliage.				
18 to 24 inch.....		.50	4.50
2 to 3 feet.....		.75	6.00
ILEX VERTICILLATA		Common Winterberry		
A deciduous holly much planted for its red berries in autumn. Thrives in damp soil.				
2 to 3 feet.....		1.00	7.50
INDIGOBUSH , see <i>Amorpha</i> .				
JAPAN QUINCE , see <i>Cydonia</i> .				
JETBEAD , see <i>Rhodotypos</i> .				
LEATHERWOOD , see <i>Dirca</i> .				
LIGUSTRUM AMURENSE		Amur Privet		
A hardy, upright privet which is hardier than California but has smaller foliage. Valuable as a hedge plant or tall screen.				
18 to 24 inch.....		.25	2.00	15.00
2 to 3 feet.....		.35	3.00	25.00
6 to 8 feet specimens.....		3.00	25.00
LIGUSTRUM IBOLIUM		Ibodium Privet		
A cross between Ibota Privet and California Privet. It has the attractive dark green leaves of the California and is of a more branching habit, making a more compact hedge in less time. Reports that Ibodium show no signs of winter injury, when California has been killed to the ground, are being received from many places in the New England and Middle States.				
	Per 1000			
12 to 18 inch.....	\$120.00	15.00
18 to 24 inch.....	175.00	20.00
2 to 3 feet.....	200.00	25.00
3 to 4 feet.....	250.00	35.00
LIGUSTRUM IBOTA		Ibota Privet		
Strong growing, spreading shrub, with graceful branches; white flowers in June followed by black berries in fall. Unexcelled for tall informal hedge or shrub border.				
18 to 24 inch.....		.25	2.00	15.00
2 to 3 feet.....		.35	3.00	25.00
3 to 4 feet.....		.50	4.50	35.00
4 to 5 feet.....		1.00	9.00
LIGUSTRUM IBOTA REGELIANUM		Regel Privet		
Low spreading shrub with pendant branches. Valuable for hedge and border planting. Foliage, rich tints in autumn.				
18 to 24 inch.....		.35	3.00	25.00
2 to 3 feet.....		.50	4.00	35.00
LIGUSTRUM OVALIFOLIUM		California Privet		
This shrub is now in universal demand for hedge purposes. It will thrive almost everywhere, even in the crowded city atmosphere and at the seashore.				
	Per 1000			
12 to 18 inch.....	\$50.00	1.00	6.00
18 to 24 inch.....	60.00	1.20	8.00
2 to 3 feet.....	85.00	1.50	10.00

DECIDUOUS SHRUBS		Each	Per 10	Per 100
LILAC, see Syringa.				
LONICERA BELLA CANDIDA	Belle Honeysuckle			
Tall shrub of graceful habit, white flowers in spring followed by showy red fruit by mid-summer.				
2 to 3 feet.....		\$.50	\$4.00	\$30.00
3 to 4 feet.....		.75	6.00
LONICERA FRAGRANTISSIMA	Winter Honeysuckle			
A tall, broad spreading shrub, rich green foliage. Sweet scented flower in early spring.				
2 to 3 feet.....		.50	4.00
LONICERA MORROWI	Morrow Honeysuckle			
A graceful shrub of medium height, with bluish-green foliage. Abundance of red fruits stud the branches in early fall.				
2 to 3 feet.....		.50	4.00	30.00
LONICERA TATARICA	Tatarian Honeysuckle			
Well-known Bush Honeysuckle, white flowers in June. Red fruit in early autumn.				
2 to 3 feet.....		.50	4.00	30.00
3 to 4 feet.....		.75	6.00	50.00
LONICERA TATARICA ROSEA	Rosy Tatarian Honeysuckle			
Form of preceding, with pink flowers, freely produced.				
2 to 3 feet.....		.50	4.00
3 to 4 feet.....		.75	6.00
LONICERA XYLOSTEUM	European Fly Honeysuckle			
Of medium growth with yellowish-white flowers followed by dark red berries.				
2 to 3 feet.....		.50	4.00
MOCKORANGE, see Philadelphus.				
MYRICA CAROLINENSIS	Northern Bayberry			
Low spreading native shrub, rich green foliage, bearing an abundance of bluish-white berries, which are frequently used for winter decoration.				
18 to 24 inch.....		.75	6.00
NANNYBERRY, see Viburnum lentago.				
NINEBARK, see Physocarpus.				
PEARLBUSH, see Exochorda.				
PEA-TREE, see Caragana.				
PHILADELPHUS CORONARIUS	Sweet Mockorange			
True old-fashion sweet Syringa; medium height. The most fragrant of all.				
18 to 24 inch.....		.50	4.00
PHILADELPHUS CORONARIUS AUREUS	Golden Mockorange			
Of compact habit., bright yellow foliage.				
12 to 18 inch.....		.75	6.00
PHILADELPHUS FALCONERI	Star Mockorange			
A graceful shrub with arching branches, which are covered with pure white starry flowers in May.				
2 to 3 feet.....		.50	4.00	30.00
3 to 4 feet.....		.75	6.00	50.00

DECIDUOUS SHRUBS		Each	Per 10	Per 100
PHILADELPHUS GRANDIFLORUS	Big Scentless Mockorange			
Tall, vigorous shrub. Valuable for screen planting.				
2 to 3 feet.....		\$.35	\$3.00
3 to 4 feet.....		.50	4.00
PHILADELPHUS LEMOINEI	Lemoine Mockorange			
Graceful, slender habit; producing an abundance of pure white flowers.				
2 to 3 feet.....		.75	6.00
PHILADELPHUS NIVALIS	Snowbank Mockorange			
Vigorous, graceful, pure white, fragrant.				
2 to 3 feet.....		.50	4.00
3 to 4 feet.....		.75	6.00
PHILADELPHUS SPECIOSISSIMUS	Roundleaf Mockorange			
Rich green, glossy leaves, large white flowers, fragrant.				
2 to 3 feet.....		.50	4.00
3 to 4 feet.....		.75	6.00
PHILADELPHUS VIRGINAL				
This desirable Mockorange is one of the best flowering shrubs introduced in recent years; vigorous growth; dark green foliage; large, fragrant, semi-double flowers.				
2 to 3 feet.....		1.50	13.50
PHOTINIA VILLOSA				
Upright shrub with glossy foliage, bright red fruits in fall.				
2 to 3 feet.....		.75	6.00
3 to 4 feet.....		1.00	9.00
PHYSOCARPUS OPULIFOLIUS	Common Ninebark			
A vigorous growing shrub, useful for screen planting. Clusters of small white flowers in June.				
3 to 4 feet.....		.50	4.00
6 to 8 feet.....		1.50	12.50
PHYSOCARPUS OPULIFOLIUS AUREUS	Goldenleaf Ninebark			
Similar habit to preceding. Yellow foliage which turns to bronzy tints in autumn.				
3 to 4 feet.....		.50	4.00
6 to 8 feet.....		1.50	12.50
PLUM, see Prunus.				
PRIVET, see Ligustrum.				
PRUNUS GLANDULOSA	Pink Flowering Almond			
Beautiful double pink flowers in early spring.				
2 to 3 feet.....		1.00	7.50
PRUNUS TOMENTOSA	Nanking Cherry			
Tall shrub with arching branches which are completely covered with delicate pink blossoms in early spring.				
18 to 24 inch.....		.50	4.50
2 to 3 feet.....		.75	6.00
5 to 6 feet.....		2.00	17.50
PRUNUS TRILOBA	Flowering Plum			
Medium size shrub, with double pink flowers, in early spring.				
2 to 3 feet.....		1.25	10.00
RHODOTYPOS KERRIODES	Jetbead			
Medium sized shrub bearing single white flowers followed by black berries.				
2 to 3 feet.....		.50	4.50

DECIDUOUS SHRUBS		Each	Per 10	Per 100
RHUS COTINUS	Common Smoketree			
An old-fashioned shrub with purplish clusters of fine flowers.				
2 to 3 feet.....		\$.75	\$6.00
RHUS TYPHINA LACINIATA	Shredded Sumac			
Fern-like foliage which turns a rich crimson in autumn.				
2 to 3 feet.....		.50	4.00
3 to 4 feet.....		.75	6.00
ROBINIA HISPIDA	Rose-acacia			
Known as the sweet-pea shrub; long clusters of rose colored flowers.				
3 to 4 feet.....		1.00	9.00
ROSE-ACACIA , see <i>Robinia hispida</i> .				
RUSSIAN-OLIVE , see <i>Eleagnus angustifolia</i> .				
SAMBUCUS CANADENSIS	American Elder			
Vigorous, large growing shrub adapted to border.				
2 to 3 feet.....		.50	3.50
3 to 4 feet.....		.75	5.00
SAMBUCUS CANADENSIS ACUTILOBA	Cutleaf American Elder			
Similar to the above but with finely cut foliage, rivaling the ferns in its delicacy.				
2 to 3 feet.....		.50	3.50
3 to 4 feet.....		.75	5.00
SAMBUCUS CANADENSIS AUREA	Golden American Elder			
Same type as the American Elder, but foliage of a lovely golden color. Color retained throughout the season.				
2 to 3 feet.....		.50	4.50
SHADEBLOW , see <i>Amelanchier</i> .				
SILVERBELL , see <i>Halesia</i> .				
SMOKETREE , see <i>Rhus cotinus</i> .				
SNOWBALL , see <i>Viburnum plicatum</i> .				
SNOWBERRY , see <i>Symphoricarpos racemosus</i> .				
SORBARIA AITCHISONI	Kashmir False Spiraea			
Grace shrub with sumac-like leaves; showy blossoms in July.				
3 to 4 feet.....		.50	4.00
SPICEBUSH , see <i>Benzoin</i> .				
SPIRAEA ARGUTA	Garland Spiraea			
Resembles thunbergi in habit, but a better flowering variety.				
2 to 3 feet.....		.50	4.00	\$35.00
3 to 4 feet.....		.75	6.00
SPIRAEA A. WATERER	Crimson Summer Spiraea			
A most desirable variety, having deep, red flowers.				
18 to 24 inch.....		.75	6.00
SPIRAEA JAPONICA OVALIFOLIA	White Japanese Spiraea			
Low growing shrub, dense corymbs of white flowers on terminals.				
18 to 24 inch.....		.50	4.00
SPIRAEA PRUNIFOLIA PLENA	Double Bridalwreath			
Very erect tall shrub, covered in May with small double white flowers.				
2 to 3 feet.....		.75	6.00

DECIDUOUS SHRUBS		Each	Per 10	Per 100
SPIRAEA THUNBERGI	Thunbergi Spiraea			
A charming Spiraea of graceful form and abundant white blooms. Desirable for its showy autumn tints.				
18 to 24 inch.....		\$.50	\$4.00
2 to 3 feet.....		.75	6.00	\$50.00
SPIRAEA VANHOUTTEI	Vanhoutte Spiraea			
The most beautiful of all the Spiraeas, both in flower and foliage. Graceful, drooping habit, loaded with round clusters of white flowers.				
18 to 24 inch.....		.35	2.50
2 to 3 feet.....		.50	4.50	30.00
3 to 4 feet.....		.75	6.00	40.00
STEPHANANDRA FLEXUOSA	Cutleaf Stephanadra			
Graceful shrub; pendent branches and delicate fern-like foliage.				
2 to 3 feet.....		.75	6.00
18 to 24 inch.....		.50	4.00
ST. JOHNSWORT , see <i>Hypericum</i> .				
SUMAC , see <i>Rhus</i> .				
SUMMERSWEET , see <i>Clethra</i> .				
SWEETSHRUB , see <i>Calycanthus</i> .				
SYMPHORICARPOS RACEMOSUS	Common Snowberry			
Slender shrub, bearing clusters of waxy-white fruits late in the Fall.				
18 to 24 inch.....		.35	2.50	20.00
2 to 3 feet.....		.50	4.00	35.00
SYMPHORICARPOS VULGARIS	Coralbrey			
One of the best shrubs, with its attractive red fruits. Especially desirable for shady places; equally good in sunlight.				
2 to 3 feet.....		.50	4.00	30.00
3 to 4 feet.....		.75	6.00
SYRINGA CHINENSIS (Rothomagensis)	Chinese Lilac			
A tall growing shrub of graceful habit, with purple flowers.				
2 to 3 feet.....		.75	6.00
3 to 4 feet.....		1.00	8.50
4 to 5 feet.....		1.50	12.50
SYRINGA JAPONICA	Japanese Tree Lilac			
A stately tree-like shrub. Large white blossoms in July.				
2 to 3 feet.....		1.00	9.00
3 to 4 feet.....		1.50	12.50
SYRINGA JOSIKAEA	Hungarian Lilac			
Glossy foliage, flowers a clear blue, later blooming than the common lilac.				
2 to 3 feet.....		1.00	9.00
3 to 4 feet.....		1.50	12.50
4 to 5 feet.....		2.00	17.50
SYRINGA PERSICA ALBA	White Persian Lilac			
Graceful habit; producing an abundance of white flowers.				
2 to 3 feet.....		.75	6.00
3 to 4 feet.....		1.00	8.50
SYRINGA VILLOSA	Late Lilac			
Late bloomer, of delicate pink color.				
2 to 3 feet.....		1.00	9.00
SYRINGA VULGARIS	Common Lilac			
Probably the best known of all shrubs. Very effective in large groupings. Makes an excellent hedge.				
2 to 3 feet.....		.75	6.00	50.00
3 to 4 feet.....		1.00	7.50	60.00

DECIDUOUS SHRUBS

Each Per 10 Per 100

SYRINGA VULGARIS ALBA**Common White Lilac**

The old White Lilac, growing oftentimes to tree-like proportions.

WISTERIA MULTIJUGA	Longcluster Wisteria			
A Japanese species, with long racemes of purple flowers.				
2 to 3 feet.....		1.00	9.00
3 to 4 feet.....		1.50	12.50
4 to 5 feet.....		3.00	17.50
WISTERIA SINENSIS	Chinese Wisteria			
The common purple Wisteria with the short, compact blooms.				
2 to 3 feet.....		1.00	9.00
WISTERIA SINENSIS ALBA	White Chinese Wisteria			
Less vigorous grower than preceding; white blooms.				
2 to 3 feet.....		1.00	9.00

Herbaceous Perennials

Price of the following Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

ACHILLEA PTARMICA PERRY WHITE Sneezewort

A new variety with double white flowers; good for cutting. 1 to 2 feet. June to September.

ACONITUM FISCHERI Azure Monkshood

A dwarf variety, 18 inches high, with pale blue flowers. Valuable for planting in semi-shade. September to October. 35 cents each; \$3.00 per 10.

AEGOPODIUM PODAGRARIA VAR. VARIEGATUM Silveredge Goutweed

Splendid for covering the ground under trees and high shrubs, rapid growing, variegated foliage. 12 inches.

ALTHEA ROSEA Hollyhock

The hollyhock is an old garden favorite and should be planted more extensively.

Double varieties: Pink, Red, White, Yellow.

Single varieties mixed. 25 cents each. \$2.00 per 10.

ALUMROOT, see *Heuchera americana*.

ALYSSUM SAXATILE Goldentuft

A fine little plant for the rock garden, or as a foreground plant in the border, yellow blooms, May and June.

ANCHUSA ITALICA DROPMORE Dropmore Bugloss

An effective plant with pretty gentian-blue flowers. 3 to 4 feet. 35 cents each; \$3.00 per 10.

ANEMONE JAPONICA Japanese Anemone

Will do well in any good garden soil that is well drained. Should be covered in winter. Flowering from late August until frost. 2 to 3 feet. 35 cents each; \$3.00 per 10.

VARIETIES.

Alba. Pure white.

La France. Pink.

Queen Charlotte. Semi-double; pink.

Rubra. Rosy-red.

Whirlwind. Semi-double; white.

ANTHEMIS TINCTORIA KELWAYI Kelway Camomile

Finely cut foliage; golden-yellow blooms produced all summer.

AQUILEGIA CAERULEA Colorado Columbine

As a cut flower, the long-spurred Aquilegias are unexcelled. They have a long flowering season; deep blue. 2 to 3 feet. 35 cents each; \$3.00 per 10.

AQUILEGIA MRS. SCOTT ELLIOTT.

The very best of the long-spurred hybrids, and come in various shades. 35 cents each, \$3.00 per 10.

AQUILEGIA VULGARIS HYBRIDS.

Various shades, from light pink to dark maroon.

AQUILEGIA VULGARIS NIVEA White European Columbine

Pure white flowers.

ARTEMISIA VULGARIS LACTIFLORA. White Mugwort

A tall growing plant with fine cut foliage and small white flowers; very fragrant. 4 feet. August to September.

ASCLEPIAS TUBEROSA Butterflyweed

A beautiful native plant with bright orange flowers. 2 feet. July and August.

HERBACEOUS PERENNIALS

ASTERS (hybrids)**Hardy Asters**

Every garden should have a few of these plants. They bloom when other flowers are scarce. Very good for massing. September and October.

VARIETIES.

Climax. One of the best in cultivation. Large lavender-blue flowers with golden-yellow centers. 4 to 5 feet.

Glen Eyrie. A very effective variety, bearing large mauve-pink flowers. 6 to 7 feet.

Mrs. F. W. Rayner. Large, rosy-crimson flowers. 4 feet.

ASTER NOVAE-ANGLIAE**New England Aster**

Large, purple flowers with yellow centers.

ASTER NOVAE-ANGLIAE ROSEUS**Rosy New England Aster**

A pink variety of one of the best known native asters.

ASTER SUBCAERULEUS**India Aster**

Violet-blue with distinct orange center. Useful as a cut flower. 1 to 2 feet. July.

ASTER TATARICUS**Tatarian Aster**

An excellent hardy aster for the perennial border. Flowers blue or purplish. 3 to 5 feet. October.

ASTILBE CHINENSIS**Chinese Astilbe**

Large head of silvery-pink flowers in June. 2 to 3 feet.

ASTILBE JAPONICA**Japanese Astilbe**

Vigorous growing plant, producing many branched feathered heads of creamy-white flowers in June. Will do well in semi-shade. Very good for cutting. 2½ feet.

VARIETIES.

Juno. Violet-rose plumes; strong, upright growth.

Kriemhilde. Salmon-rose. Very good variety.

Rose Pearl. Shell-pink; pyramidal trusses.

BABYSBREATH, see *Gysophila*.

BALLOONFLOWER, see *Platycodon*.

BEEBALM, see *Monarda*.

BELLFLOWER, see *Campanula carpatica*.

BELLIS PERENNIS**English Daisy**

White and pink daisy-like flowers. 6 inches.

BETONY, see *Stachys*.

BLEEDINGHEART, see *Dicentra*.

BOLTONIA ASTEROIDES**White Boltonia**

Pure white aster-like flowers produced in great profusion. Fine for cutting. 5 to 6 feet. August and September.

BOLTONIA LATISQUAMAE**Violet Boltonia**

A form of the above with pinkish-lavender flowers.

BUSHCLOVER, see *Lespedeza*.

BUTTERCUP, see *Ranunculus*.

BUTTERFLYWEED, see *Asclepias*.

CAMOMILE, see *Anthemis*.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

CAMPANULA CARPATICA Carpathian Bellflower

A dwarf variety, growing 8 inches high, with clear blue flowers on erect stems. As an edging plant, for the hardy border or rock garden, it is unsurpassed.

CAMPANULA CARPATICA ALBA White Carpathian Bellflower

A pure white form of the preceding.

CAMPANULA MEDIUM Canterbury-bells

White, pink and blue.

CAMPANULA PERSICIFOLIA Peachleaf Bellflower

Blue, bell-shaped flowers arranged along a tall flower spike. 3 feet, June and July.

CAMPANULA PERSICIFOLIA ALBA White Peachleaf Bellflower

A white form of the preceding.

CAMPANULA PYRAMIDALIS Chimney Bellflower

Forms a tall, pyramidal plant with spikes of light blue flowers. July and August. 35 cents each; \$3.00 per 10.

CAMPION, see *Lychnis*.

CANDYTUFT, see *Iberis*.

CANTERBURY-BELLS, see *Campanula medium*.

CARDINALFLOWER, see *Lobelia*.

CATTAIL GAYFEATHER, see *Liatris*.

CERASTIUM TOMENTOSUM Snow-in-summer

Silvery foliage with white, satiny flowers. Fine for rockery. May and June. 8 inches.

CHRYSANTHEMUMS (Hardy).

When all other flowers in the garden have been browned by the frost, the hardy Chrysanthemums burst forth in a profusion of bloom and color. They grow best when planted in a sheltered location, in a light sandy loam where the water does not stand. Mulch plants during the winter.

VARIETIES.

- No. 1. Delicate pink.
- No. 2. Reddish-brown.
- No. 3. Silvery-mauve.
- No. 4. Large; white.
- No. 5. Terra cotta; fluted edge.
- No. 5. Red.
- No. 7. Yellow, with red shadings at outer petals.
- No. 8. White; button.
- No. 9. Bronze; button.

CHRYSANTHEMUM MAXIMUM HYBRIDUM Shasta Daisy

Daisy-like flowers 4 inches in diameter. Pure white. 1 to 2 feet. June to August.

COLUMBINE, see *Aquilegia*.

CONEFLOWER, see *Echinacea*.

CONVALLARIA MAJALIS Lily-of-the-Valley

A popular favorite.

CORALBELLS, see *Heuchera*.

CORAL LILY, see *Lilium tenuifolium*.

HERBACEOUS PERENNIALS

COREOPSIS LANCEOLATA**Lance Coreopsis**

One of the best golden-yellow flowers for the garden. Excellent for cut flowers. 2 to 3 feet. June to October.

COREOPSIS VERTICILLATA**Threadleaf Coreopsis**

Rich golden-yellow flowers, cutleaf foliage. 2 feet. July to September.

DAYLILY, see *Hemerocallis*.

DELPHINIUM**Larkspur**

They are our best blue flowers for cutting and should be planted freely in every garden. Will thrive in most any well fertilized soil. 35 cents each; \$3.00 per 10.

VARIETIES.

Delphinium belladonna. Light sky-blue.

Delphinium bellamosa. Dark blue.

DIANTHUS ALLWOODI**Hardy Pinks**

A new addition to our list of hardy garden plants. They are almost as large as the carnation, very fragrant. 50 cents each; \$4.50 per 10.

VARIETIES.

Harold. Pure white; large; double.

Jean. White, with crimson center; double.

Mary. Delicate rose-pink, maroon center; double.

DIANTHUS BARBATUS**Sweet-william**

The old-fashion Sweet-william should not be forgotten for the garden. It is hard to find anything that will surpass it. The flowers are lasting and fine for cutting. 25 cents each; \$2.00 per 10; \$15.00 per 100.

DIANTHUS BARBATUS ATROCOCCINEUS FL. PL.**Everlasting Sweet-william**

A very good variety; producing masses of brilliant, fiery-crimson flowers. 12 inches. June and July. 35 cents each; \$3.00 per 10.

DIANTHUS CHINENSIS HEDDEWIGI**Heddewig Pink**

Very large flowers of brilliant colors, from pure white to rich crimson; some are laced or striped.

DIANTHUS PLUMARIUS**Grass Pinks**

Large, fragrant flowers on long stems. Very good for rockeries. 1½ feet. June.

DIANTHUS PLUMARIUS, Essex Witch.

Delicate pink, finely fringed.

DIANTHUS PLUMARIUS, Her Majesty.

Large; pure white.

DIANTHUS PLUMARIUS, Rose of May.

Clove scented; double; pink flowers. 10 inches. June.

DICENTRA EXIMIA**Fringed Bleedingheart**

A dwarf growing variety with beautiful finely cut foliage and short racemes of purplish-red flowers. 18 inches. All summer.

DICENTRA SPECTABILIS**Bleedingheart**

An old-fashion favorite. Prefers semi-shade where it can have plenty of moisture. 75 cents each; \$7.00 per 10.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

DICTAMNUS ALBUS**Gasplant**

The most satisfactory hardy plant in cultivation. It has a rich foliage and curious white flowers. 2 to 3 feet. June. 50 cents each; \$3.50 per 10.

DICTAMNUS ALBUS RUBER**Purple Gasplant**

A pink form of the preceding. 2 to 3 feet. 50 cents each.

DIGITALIS PURPUREA**Common Foxglove**

An old-fashion border plant; purple, with spotted throats. 3 to 5 feet. June and July.

DIGITALIS PURPUREA ALBA**Common White Foxglove**

White form of above.

ECHINACEA PURPUREA**Coneflower**

A large crimson-purple flower with a dark cone in the center. Good for cutting. 2 to 3 feet. July to September.

ENGLISH DAISY, see *Bellis*.

EULALIA, see *Miscanthus*.

FALSE-DRAGONHEAD, see *Physostegia*.

FILIPENDULA ULMARIA FL. PL. Double European Meadowsweet

Beautiful fern-like foliage. Double white flowers produced on spikes. 2 to 3 feet. May and June.

FLAX, see *Linum*.

FORGET-ME-NOT, see *Myosotis*.

FOXGLOVE, see *Digitalis*.

FUNKIA, see *Hosta*.

GAILLARDIA ARISTATA**Common Perennial Gaillardia**

Showiest of hardy perennials, producing yellow flowers splashed with red. Blooms the entire season, from June. 2 feet.

GASPLANT, see *Dictamnus*.

GERANIUM IBERICUM PLATYPETALUM**Iberian Cranesbill**

Very free flowering; large, rosy-purple flowers. 18 inches. June and July.

GEUM MONTANUM**Mountain Avens**

Orange flowers; suitable for rockery. Blooming greater part of the season. 2 feet.

GOLDENGLOW, see *Rudbeckia laciniata fl. pl.*

GOLDENTUFT, see *Alyssum*.

GOUTWEED, see *Aegopodium*.

GRASSES, see *Miscanthus*.

GRASS PINK, see *Dianthus plumarius*.

GREEK-VALERIAN, see *Polemonium*.

GYPSOPHILA PANICULATA**Babysbreath**

An excellent plant for the hardy border or rockery. The small, minute flowers, if cut and dried, will keep indefinitely.

GYPSOPHILA PANICULATA FLOREPLENO Double Babysbreath

Double form of the above. Very much superior to the single variety. 50 cents each; \$4.50 per 10.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

HELENIUM AUTUMNALE**Sneezeweed**

Desirable border plant with golden-yellow flowers. 5 to 6 feet. August and September.

HELENIUM RIVERTON BEAUTY.

Rich, lemon-yellow with large, dark center. 5 to 6 feet. August and September.

HELENIUM RIVERTON GEM

A new variety; terra cotta changing to wallflower-red. 5 to 6 feet. August and September.

HEMEROCALLIS DR REGEL

Rich orange-yellow, very free. June and July.

HEMEROCALLIS FLAVA**Lemon Daylily**

Clear, lemon-yellow, June.

HEMEROCALLIS FULVA**Tawny Daylily**

Rich coppery-orange blooms. June and July.

HEMEROCALLIS FULVA KWANSO**Double Tawny Daylily**

Rich orange-red, double flowers. June and July.

HEMEROCALLIS LUTEOLA**Golden Daylily**

Bright golden-yellow, June and July.

HEMEROCALLIS MIDDENDORFFI**Amur Daylily**

Golden-yellow. May.

HEMEROCALLIS THUNBERGI**Japanese Daylily**

Lemon-yellow; July and August.

HEUCHERA AMERICANA**American Alumroot**

A native plant with mottled foliage and bright pink flowers. 2 to 3 feet. July.

HEUCHERA BRIZOIDES**Pinkbells**

New. It has the same foliage as *Heuchera sanguinea*, but the color is not as brilliant, though it produces many more flowers.

18 inches. June. 35 cents each; \$3.00 per 10.

HEUCHERA SANGUINEA**Coralbells**

Flowers coral-red, small and produced in loose clusters. 18 inches. July to October.

HIBISCUS HYBRID, RED MARVEL.**Red Rosemallow**

Large flowers; rich shades of crimson and pink. 3 to 5 feet. August and September.

HIBISCUS MOSCHEUTOS**Common Rosemallow**

Large, bright pink flowers. 5 feet. July and August.

HIBISCUS OCULIROSEUS**Crimson-eye Rosemallow**

Pure white flowers, with deep crimson-eye 3 to 4 feet. August and September.

HOLLYHOCK, see Althea.**HOSTA caerulea (Funkia)****Blue Plantainlily**

Flowers light blue.

HOSTA undulata variegata**Wavyleaf Plantainlily**

Leaves variegated white and green.

HOSTA plantaginea.**White Plantainlily**

Flowers purest white.

HERBACEOUS PERENNIALS

IBERIS SEMPERVIRENS**Evergreen Candytuft**

A very desirable dwarf plant with evergreen foliage and masses of white flowers. 8 to 10 inches. April and May. 35 cents each; \$3.00 per 10.

IRIS GERMANICA**German Iris**

VARIETIES.

Celeste. Mid-season; clear pale blue, shaded darker.

Celia. Medium to tall; mid-season; rosy-blue, veined purple.

Cypriana. Tall; mid-season to late; pale blue, shaded with rose.

Edith Cook. Mid-season to late; deep yellow splashed and veined deep maroon.

Flavescens. Medium to tall; medium to late; clear canary-yellow slightly penciled with palest blue.

Garfield. Mid-season to late; rich rosy-blue.

Heliotrope. Tall; medium to late; pale lavender and reddish-purple.

Her Majesty. Medium; clear rose, white at base and heavily veined with deep rose.

Jacquesiana. Tall; late; rich velvety-maroon, veined and penciled with deeper rose.

La Vallette. Late; tall; clear pale blue, suffused with rosy tints.

Mad. Chereau. Late; tall; white, penciled with blue on margin.

Mrs. Horace Darwin. Mid-season to late; pure white, faintly veined purple.

Porsenna. Mid-season; old-gold at base, shading to pale blue.

Queen of May. Medium; clear rose, veined with darker rosy-red.

IRIS KAEMPFERI**Japanese Iris**

Order by number if more convenient.

DOUBLE VARIETIES.

No. 201 (Sano-watashi). Early; very fine form; pure white.

No. 202 (Kumo-no-wye). Late; large, splendid form; richest velvety royal-purple, suffused slightly with royal-blue.

No. 204 (Shiga-no-uranami). Early to mid-season; large; blue, veined and splashed royal-blue.

No. 206 (Idzumi-gawa). Late; light blue veined purple, splashed royal-blue at base.

No. 207 (Gekka-no-nami). Mid-season to late; medium size; white.

No. 209 (Yezo-nishiki). Late; large flower; rosy-purple veined white.

No. 210 (Taiheiraku). Mid-season; rich maroon-purple, with yellow radiating lines.

SINGLE VARIETIES.

No. 101 (Oshokun). Mid-season to late; rosy-purple veined white; uprights and petals creamy-white margined rosy-purple.

No. 102 (Yedo-jiman). Medium to late; medium grower; rich royal purple, faintly veined royal-blue.

No. 111 (Tsuru-no-Kegoromo). Mid-season; pure white with faint yellow lines at base.

IRIS ORIENTALIS

A beautiful Iris of the most vivid velvety deep blue, of medium size and blooming with great freedom. 2 to 3 feet. June.

IRIS ORIENTALIS SNOW QUEEN.

2 feet. June. A handsome variety with beautiful pure white flowers, very free flowering.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

IRIS PUMILA.

Blooms before *Iris germanica*, but has smaller flowers. 6 to 15 inches.

VARIETIES.

Bridesmaid. White, splashed light blue.

Cyanea. Deep blue, white veinings.

Excelsa. Clear yellow.

IRIS SIBIRICA ALBA

White Siberian Iris

Foliage somewhat like the Japan Iris, dainty white flowers on tall stems. 2 to 3 feet.

KNIPHOFIA PFITZERIANA

Bonfire Torch Lily

The ever blooming flame flower; all season; best variety for massing. It is best to dig these plants up in the fall and store in a cool cellar. 35 cents each; \$3.00 per 10.

LARKSPUR, see Delphinium.**LAVENDULA OFFICINALIS**

True Lavender

The true sweet lavender; needs protection in winter; blue flowers. 35 cents each; \$3.00 per 10.

LESPEDEZA FORMOSA

Purple Bushclover

Purple flowers in September and October.

LIATRIS PYCNOSTACHYA

Cattail Gayfeather

Flowers rosy-purple in dense spikes; grass-like foliage. 4 to 6 feet. July and August.

LILIUM CANDIDUM

Madonna Lily

Well-known, fragrant garden lily. 50 cents each; \$4.50 per 10.

LILIUM REGALE

Royal Lily

One of the most satisfactory hardy lilies for the garden. Flowers white slightly suffused with pink, with a pronounced canary-yellow throat. 75 cents each; \$6.00 per 10.

LILIUM SUPERBUM

American Turkscape Lily

Flowers are bright orange with dark spots.

LILIUM TENUIFOLIUM

Coral Lily

Rich scarlet. One to twenty nodding flowers on each stem.

LILIUM TIGRINUM

Tiger Lily

Large orange-red flowers spotted with bright purple.

LILY-OF-THE-VALLEY, see Convallaria.**LIMONIUM LATIFOLIUM**

Bigleaf Sea-lavender

A graceful plant for the border or rockery, with mist-like flowers. 1 to 2 feet. August and September.

LINUM FLAVUM

Golden Flax

A bright yellow flowering variety. 12 inches.

LINUM PERENNE

Perennial Flax

A very fine border or rockery plant, with graceful, glaucous foliage and large blue flowers. 18 inches. June to August.

LOBELIA CARDINALIS

Cardinalflower

A very beautiful native plant often bearing 10 to 12 fiery, cardinal-red spikes to a plant. Prefers a moist location. 2 to 3 feet. July and August.

HERBACEOUS PERENNIALS

LOOSESTRIFE, see *Lythrum*.**LUPINUS POLYPHYLLUS**

Washington Lupine

Pea-shaped flowers on spikes. Should be planted in moist location. 2 to 3 feet. June and July. Blue, Pink and White.
35 cents each; \$3.00 per 10.

LYCHNIS CHALCEDONICA

Maltese Cross

Brilliant orange-scarlet. Fine border plant. 1 to 2 feet. May and June.

LYCHNIS HAAGEANA

Haage Campion

Very showy, producing orange-scarlet flowers in May and June. 12 inches.

LYCHNIS VISCARIA SPLENDENS

Rosepink Campion

Double, bright crimson flowers resembling Scotch pinks. 12 to 15 inches. May and June.

LYSIMACHIA NUMMULARIA

Moneywort

Valuable for under trees where grass will not grow; quickly forming a dense carpet.

LYTHRUM ROSEUM SUPERBUM

Rose Loosestrife

A strong growing plant; long spikes of rose colored flowers. 3 to 4 feet. July to September.

MADONNA LILY, see *Lilium candidum*.**MALLOW**, see *Hibiscus*.**MEADOWSWEET**, see *Filipendula*.**MISCANTHUS SINENSIS**

Eulalia Japonica

6 to 8 feet.

MISCANTHUS SINENSIS GRACILLIMUS

Maiden Grass

White midrib. 5 to 6 feet.

MISCANTHUS SINENSIS ZEBRINUS

Zebra Grass

Foliage striped with yellow; very attractive.

MONARDA DIDYMA VAR. SUPERBUM

Oswego Beebalm

A very showy plant with aromatic foliage, producing bright scarlet flowers in July and August. 3 to 4 feet.

MONEYWORT, see *Lysimachia*.**MONKSHOOD**, see *Aconitum*.**MOSS PHLOX**, see *Phlox subulata*.**MUGWORT**, see *Artemisia*.**MYOSOTIS SCORPIOIDES**

Forget-me-not

The true variety, blooming all summer. Valuable for shady or moist places.

OENOTHERA FRUTICOSA YOUNGI

Youngs Sundrops

A strong growing plant with lemon-yellow flowers borne in profusion.

ORIENTAL POPPY, see *Papaver orientale*.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

Paeonies.

SELECTED LIST OF VARIETIES.

We have many other choice varieties, including some rare Japanese varieties.

- Albatre.** Large, compact bloom; white, center petals faintly tinged pale lilac.
- Albert Crousse.** Tall; late; free bloomer; rose-white flecked with crimson.
- Boule de Neige.** Very large compact bloom; milk-white, center petals flecked crimson.
- Carnea Elegans.** Mid-season; compact form; pale hydrangea-pink; free bloomer.
- Comte de Horace Chisel.** Late; large; full; dark rich red.
- Couronne d'Or.** Late; large flat full flower; pure white, showing yellow stamens around center petals.
- Duchess de Nemours.** Early to mid-season; large full bloom; pure white; very free.
- Edulis Superba.** Large, loose flower of bright mauve-pink. One of the earliest to bloom.
- Emile Lemoine.** Rich red; bomb shape bloom; mid-season.
- Eugenie Verdier.** Mid-season; large, full compact bloom; delicate hydrangea-pink; choice variety.
- Faust.** Lilac-white to pale hydrangea-pink.
- Felix Crousse.** Large; bright red; bomb shape; mid-season.
- Festiva Maxima.** Early; very tall; vigorous grower; very large and full blooms of pure white, center petals faintly flecked crimson.
- Golden Harvest.** Pale pink guards, center sulphury-yellow.
- Goliath.** Single; very early and free; rich crimson; an abundance of yellow stamens.
- La Fiancee.** Single; early; very large; pure white.
- La Tulip.** Mid-season to late; very free; white, outer guard petals faintly splashed crimson.
- L'Avenir.** Mid-season; very free; deep rosy-pink, narrow, bronzy-red petals in center.
- Lemon Queen.** Single; broad white petals, center filled with sulphury-yellow stamens.
- Livingstone.** Late; free, lilac-rose, silvery sheen on ends of petals.
- Madam de Verneville.** Early to mid-season; medium height; very free bloomer; pure white, center pale blush on opening.
- Melaine Henry.** Mid-season, very full flower; light solferino-red fading to pink.
- Mikado.** Single; late; rich dark crimson, showing an abundance of golden-yellow stamens. One of the best single reds.
- Mons Jules Elie.** Mid-season; very large, full blooms of clear pink.
- Ne Plus Ultra.** Mid-season; very large, full bloom of bright rose, ends of petals silvery tipped.
- Officinalis.** Brilliant crimson. The common early flowering red Peony.
- Rubra Triumphans.** Mid-season; large; semi-double; dark crimson.
- Souv. de L'Exposition Universelle.** Late; very full bloom; light pink, with silvery sheen.

HERBACEOUS PERENNIALS

PANSY PLANTS.

Our Pansies are good, stocky, transplanted plants, and a very choice strain; assorted colors. 50 cts. per dozen.

PAPAVER NUDICAULE**Iceland Poppy**

Very graceful; flowers ranging from white to scarlet. 1 foot. Blooms all summer.

PAPAVER ORIENTALIS**Oriental Poppy**

Common variety of the Poppy; orange-scarlet flowers with black blotches at base of each petal. 35 cents each; \$3.00 per 10.

VARIETIES.

Apricot Queen. Large; apricot.

Beauty of Levermere. Crimson with black blotch.

Mrs. Perry. Orange-apricot; very fine.

Price of above named varieties. 50 cents each. \$4.00 per 10.

PENTSTEMON TORREYI**Torrey Pentstemon**

Spikes of bright scarlet flowers. 4 to 5 feet. June until August.

PHLOX AMOENA**Amoena Phlox**

Rich bright pink flowers. 4 to 6 inches. April and May.

PHLOX DIVARICATA**Blue Phlox**

Very fragrant, lavender flowers during April and May; fine for massing. 10 to 12 inches.

PHLOX OVATA**Mountain Phlox**

Rosy-pink flowers; low mat of evergreen foliage. 4 to 6 inches. May.

PHLOX PANICULATA**Garden Phlox**

Perfectly hardy, easy to make thrive, and producing gorgeous color effects. The following list has been selected, from our large collection, as comprising the cream of the distinct colors.

VARIETIES.

Australia. Rich, satiny amaranth. 35 cents each; \$3.00 per 10.

Elizabeth Campbell. Bright salmon-pink; 35 cents each; \$3.00 per 10.

Frau Anton Buchner. Medium; pure white.

Gen. Van Heutz. Scarlet, shaded rose, with crimson-eye.

Goliath. Tall; carmine-crimson.

Hodur. Large; bright salmon.

J. H. Slocum. Crimson; one of the best.

Jules Sandeau. Pure pink; large; free flowering. 35 cents each; \$3.00 per 10.

Miss Lingard. White with pink eye. Blooms several weeks earlier than other varieties.

Mrs. Jenkins. Tall; pure white.

Ornament. Bright pink; very large.

Pantheon. Deep salmon-pink, dark eye.

Peach Blow. Medium; delicate pink, rose center.

Richard Wallace. Pure white with crimson eye.

Riverton Jewel. Mauve-rose, crimson-eye.

Special French. Beautiful shade of clear pink. 35 cents each; \$3.00 per 10.

Thor. Deep salmon-pink.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

PHLOX SUBULATA**Moss Phlox**

Forms low, flat masses of evergreen foliage with rose pink flowers. 3 to 4 inches. May.

PHLOX SUBULATA ALBA**White Moss Phlox**

A white form of the above.

PHLOX SUBULATA LILACINA**Lilac Moss**

Lavender flowers.

PHYSALIS FRANCHETI**Lantern Groundcherry**

This is a very ornamental plant, producing a bright orange-scarlet, lantern-like fruit often used for winter decorations.

PHYSOSTEGIA VIRGINIANA**Virginia False-dragonhead**

Large spikes of tubular shaped flowers, delicate clear pink. 3 to 4 feet. July and August.

PHYSOSTEGIA VIRGINIANA ALBA**White False-dragonhead**

A form of the above with white flowers.

PINKS, see *Dianthus*.

PLANTAINLILY, see *Hosta*.

PLATYCODON GRANDIFLORUM**Balloonflower**

A very attractive plant seldom seen in the garden. Should be planted more extensively. Mixed colors, white, blue and lavender. 2 feet. June to September.

POLEMONIUM CAERULEUM**Greek-valerian**

Fern-like foliage with terminal spikes of blue flowers with yellow anthers. A very good plant for the hardy border. 2 to 3 feet.

35 cents each; \$3.00 per 10.

POPPY, see *Papaver*

PRIMROSE, see *Primula*.

PRIMULA VERIS HYBRIDS**Cowslip Primrose**

For an early spring flowering plant, there is nothing more beautiful than the hardy *Primulas*. They are quite hardy.

PYRETHRUM ROSEUM**Painted Lady**

A plant of easy culture; very good for cutting; adapted to any soil. Ranging in color from almost white to deep rose.

RANUNCULUS REPENS**Creeping Buttercup**

A free growing, creeping plant with double yellow flowers. Good for the rockery. 1½ feet. June and July.

ROSEMALLOW, see *Hibiscus*.

RUDBECKIA LACINIATA FL. PL.**Goldenglow**

Double, golden-yellow flowers.

RUDBECKIA SPECIOSA NEWMANNI**Showy Coneflower**

Large pale yellow flowers. Excellent for cut flowers. 4 to 6 feet. September and October.

SALVIA AZUREA GRANDIFLORA**Great Azure Sage**

Producing slender, graceful spikes of light blue flowers during August and September. 3 to 4 feet. 35 cents each; \$3.00 per 10.

Price of the above Herbaceous Plants.

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

HERBACEOUS PERENNIALS

SCABIOSA CAUCASICA **Caucasian Scabiosa**

Very handsome plant for the border; lavender flowers all season. Fine for cutting. 2 to 3 feet.

SEA-LAVENDER, see *Limonium*.

SEDUM SPECTABILE **Showy Stonecrop**

An upright plant with heavy, glaucous foliage and large heads of rose colored flowers. 18 inches. August and September.

SHASTA DAISY, see *Chrysanthemum maximum*.

SNEEZEWEED, see *Helenium*.

SNEEZEWORD, see *Achillea*.

SNOW-IN-SUMMER, see *Cerastium*.

SPEEDWELL, see *Veronica*.

STACHYS OFFICINALIS **Common Betony**

An attractive plant with shell-pink flowers. 12 inches. June.

STATICE MAURITANICA **Algerian Thrift**

An attractive, dwarf plant forming evergreen tufts of bright green foliage; producing an abundance of small pink flowers. 9 to 12 inches high. A useful plant for the rockery.

STOKESIA LAEVIS **Stokesia**

A very beautiful, late flowering plant with lavender-blue flowers, 1 to 2 feet.

STONECROP, see *Sedum*.

SWEET-WILLIAM, see *Dianthus barbatus*.

THERMOPSIS CAROLINIANA **Carolina Thermopsis**

Clover-like foliage with spikes of bright yellow, pea-shaped blossoms. 3 to 4 feet.

THRIFT, see *Statice*.

TIGER LILY, see *Lilium tigrinum*.

TORCHLILY, see *Kniphofia*.

TURKSCAP LILY, see *Lilium superbum*.

ULMARIA, see *Filipendula*.

VALERIANA OFFICINALIS **Common Valerian**

Showy heads of rose tinted flowers. 3 to 4 feet. June and July.

VERONICA LONGIFOLIA SUBSESSILIS **Clump Speedwell**

Large dense spikes of deep blue flowers. Blooms from July to September. 2 to 3 feet.

VERONICA SPICATA **Spike Speedwell**

Long spikes of blue flowers. 2 feet. June and July.

VINCA MINOR, see *Evergreen Shrubs*.

VIOLA CORNUTA **Tufted Pansy**

One of the best plants for a low border. Blooms from May until October.

VARIETIES.

Golden Yellow.

Purple Queen.

Rose Queen.

White Perfection.

Price of the Above Herbaceous Plants

Strong, field grown, 30 cents each, \$2.50 per 10, \$18.00 per 100, except where otherwise noted.

Roses

Hybrid Tea and Everblooming Roses.

These roses are the product of crossing the hybrid perpetual-roses with the tender tea-roses. They are, as a class, not so strong growers as the hybrid-perpetuals, and not quite so hardy to extremes of winter, but will repay any extra care they may demand for protection. The flowers have all the refinement of the tea-roses in color, texture and fragrance, and bloom quite freely during the summer.

VARIETIES.

- Caroline Testout.** Large, clear bright rose color.
Columbia. Bright, lively pink.
Duchess of Wellington. Intense saffron-yellow, changing to a deep coppery-yellow as the flowers expand.
Edward Mawley. Rich velvety-crimson.
Gruss an Teplitz. Dark rich crimson; very free bloomer.
Hoosier Beauty. A very strong grower, rich crimson with dark shadings.
J. L. Mock. Deep pink, outside petals silvery-rose.
Kaiserin Augusta Victoria. Soft creamy-white, shaded pink at center.
Killarney. A charming pink rose.
Killarney Brilliant. Brilliant pink, almost crimson.
Killarney White. White, semi-double.
Lady Ashton. Deep carmine-pink shaded to yellow.
Lady Hillingdon. Deep apricot-yellow.
La France. Large, full, delicate, silvery-rose.
Laurent Carle. Brilliant velvety carmine, large, very free.
Los Angeles. Large pointed buds which open full, luminous flame-pink, toned with coral and shaded with translucent gold at base.
Maman Cochet. Large, full, clear carmine.
Mme. Edouard Herriot (Daily Mail). The buds are a beautiful deep coral-red, shaded yellow, which changes to deep terra cotta.
Mrs. A. R. Waddell. Rosy-salmon in bud, opening to golden-yellow.
Mrs. Aaron Ward. Very full, double flowers; indian-yellow, sometimes washed with salmon-rose.
Ophelia. A clean, vigorous grower, salmon-pink shaded with rose.
Pharisaer. Large flower, rosy-white with salmon shading.
Radiance. An abundant bloomer, silvery-flesh color shaded to copper-red.
White Killarney. A pure white variety of the now well-known *Killarney*.

Prices of above Roses, Strong, 2 years old, field-grown, \$1.00 each, \$9.00 per 10.

DISTANCE APART TO PLANT ROSES. Rose gardens are usually most effective when planted in beds or borders wide enough to allow for at least three rows of plants. If planted in beds seven feet wide this allows for three rows set 2 feet apart. A rose bed ten feet long and seven feet wide will take one dozen roses if planted 2 feet apart each way. A rose bed twenty-five feet long requires thirty plants. If the border is in the foreground of a fence, wall or other dividing line, the strongest growing roses should be planted in the back row, also climbing roses should be planted in the background about six feet apart, and trained over some support.

Hybrid Perpetual and Miscellaneous Roses

These were the old garden favorites before the vogue of the Hybrid Teas. Their popularity, however, has never waned and their use in the rose garden is indispensable. They are hardy and vigorous of growth and will stand in the colder parts of the country where the Hybrid Teas would fail. They make a magnificent display during June and July, some varieties flower again in a lesser way during the fall, producing at this time their best flowers, on strong stems, well suited for cutting purposes. No well designed rose garden is complete without some of the Hybrid Perpetuals among its members.

VARIETIES.

- Anne de Diesbach.** Carmine, beautiful shade; very large.
- Blanche Moreau (Moss).** Pure white, large, full, and of perfect form.
- Captain Hayward.** Crimson-carmine, large, full, very fine.
- Clio.** Flowers large, of fine globular form, flesh color, shaded in the center with rosy-pink.
- Conrad F. Meyer.** Large, silvery-pink flowers, very full, with delicate perfume.
- Fisher Holmes.** Rich crimson, shaded scarlet. Large, full, and very free.
- Frau Karl Druschki.** Flowers very large, beautiful, pure white. One of the best white hybrid perpetuals.
- General Jacqueminot.** Brilliant crimson; not full, but large and extremely effective.
- George Arends.** A seedling of Frau Karl Druschki with the same free blooming qualities. Delicate rose-pink.
- Harrison's Yellow.** Golden-yellow, medium size, semi-double. A free bloomer.
- Hugh Dickson.** Crimson shaded with scarlet, large and full.
- Madam Plantier.** Pure white. Produced in great abundance; vigorous, bushy habit.
- Magna Charta.** Pink, suffused with carmine; full, globular.
- M. P. Wilder.** Crimson, full, extra large.
- Mrs. John Laing.** Soft pink; produced on strong stems.
- Mrs. R. G. S. Crawford.** Shell-pink, cup-shape flower.
- Nova Zembla.** This is a pure white, beautifully formed rose, very fragrant, vigorous and free blooming.
- Paul Neyron.** Deep rose color; by far the largest variety in cultivation.
- Persian Yellow.** Bright yellow, small, nearly full.
- Soleil d'Or.** Reddish-gold, shaded with orange.
- Sweet Briar.** Old favorite, fragrant foliage.
- Ulrich Brunner.** Brilliant cherry-red, a very effective color.

Prices of above Roses. Strong, 2 years old, field-grown, \$1.00 each, \$9.00 per 10.

Winter Protection

Just before freezing weather occurs, draw up earth to a height of 8 to 12 inches around each plant. In the trenches thus formed, place a generous layer of manure, leaves or compost. In the spring pull down the earth over this material which will furnish food for the rose plants during the growing season. In extremely cold sections, it might be well to lay over the plants and cover with earth.

Rambler and Climbing Roses

Every garden should provide a space for climbing roses. These plants are invaluable for training over arbors, pergolas, porches, fences and other objects. They are beautiful when covered with their profuse bloom, and make a most effective background to the formal rose garden. Such climbing roses as Dorothy Perkins, Dr. Van Fleet and Hiawatha, can be depended upon to create some wonderful effects in a comparatively short time, under favorable conditions. Even the average city garden can be made wonderfully attractive by the free use of these charming climbers.

VARIETIES.

- American Pillar.** Vigorous grower. Single; clear pink.
- Christine Wright.** A bright wild-rose-pink. Blooms produced singly and in clusters.
- Climbing American Beauty.** Vigorous grower; hardy; blooms very large and full; color rosy-crimson.
- Crimson Rambler.** Thrifty grower; flowers deep crimson borne in good sized clusters.
- Dorothy Perkins.** Very double and are borne in clusters of ten to twenty. The color is a clear shell-pink.
- Dr. Van Fleet.** Long, pointed, deep pink buds that open a delicate flesh-pink; vigorous grower; dark green, glossy foliage.
- Excelsa.** Known as the Red Dorothy Perkins. Very full blooms of crimson-maroon, tips of petals scarlet.
- Hiawatha.** Single; bright ruby-red, white center with dark yellow anthers.
- Mary Wallace.** A 1924 introduction by the American Rose Society. Semi-double; bright, clear rose-pink with salmon tint at base of petals. 2 years, \$1.50 each.
- Paul's Scarlet Climber.** The blooms are in clusters, medium size, semi-double; color is vivid scarlet shaded crimson which does not fade until the flowers drop.
- Philadelphia Rambler.** The blooms are large and of a deeper crimson color than the Crimson Rambler. A better rose in every respect.
- Silver Moon.** Large, fragrant, creamy-white, semi-double flowers, showing an abundance of yellow stamens, borne in clusters on long stems.
- Tausendschon.** Charming; strong grower. Flowers in large clusters varying from creamy-pink to bright red, all in the same cluster.
- White Dorothy.** Same habits of growth and freedom of flowering as Dorothy Perkins, but with pure white blooms.
- Wichuriana.** Memorial rose, trailing species, pure white, single.

Prices of above roses, except where otherwise noted, 2 years, strong field grown, \$.75 each, \$6.00 per 10.

The Rose and Flower Garden

Probably no one branch of landscape gardening requires more skill in designing than the layout of the rose and flower garden. Even the smallest area many times offers wonderful opportunities.

Our Landscape Department has laid out and designed many of the most attractive gardens throughout New England.

If you are contemplating the development of a garden, either large or small, or the rearrangement of an old one, let our experience and training be of direct assistance to you.

Baby Rambler Roses

These dwarf bushy roses have many uses. Hardy and continuously in bloom throughout the entire growing season, they offer great opportunities. These little roses are very useful in a border or foreground in beds, or borders for taller growing sorts, for low hedges of brilliant color, and for planting in groups in the herbaceous garden.

VARIETIES.

Baby Dorothy. Dwarf rose with large clusters of blooms, same color as the well-known Dorothy Perkins.

Baby Tausendschon. Dwarf, flowers large and semi-double of flesh-pink color.

Baby Rambler. Dwarf rose with great clusters of blooms of same color as *Crimson Rambler*. Blooms all summer.

White Baby Rambler. Dwarf, white, very free and continuous bloomer, compact habit.

Prices of above Roses, Strong, 2 years old, field-grown, \$1.00 each, \$9.00 per 10.

Roses, Native Species, Etc.

For Mass Planting and Shrubbery Borders

For mass planting and shrubbery borders where the need is for larger growing roses the native species fill in admirably. In planning the shrubbery border these fine plants should not be overlooked, for their bloom brightens the corner where they are and they help to give us the much desired continuation of flowering. They are exceedingly useful for planting in rough situations and give an added attraction all through the fall with their bright fruits or hips. The *Rugosa* types can also be used effectively as a hedge, making a heavy mass that is easily kept within bound. One of the very best plants for seashore planting.

VARIETIES.

Blanda. Single pink. Showy bright red fruits in fall. Crimson twigs.

Hugonis. Has long slender and spreading branches which are covered with fragrant single flowers of a pleasing shade of soft yellow. Makes a symmetrical bush about 6 feet high when fully developed and is valuable for the shrub border. Price \$1.50 each, \$10.00 per 10.

Lucida. Dwarf, native, rose-pink. Foliage beautiful autumn coloring.

Lucida var. alba. Attractive pure white form of preceding. Yellow branches effective in winter.

Rugosa. Beautiful rosy-red. Large berries of a rich orange-red color.

Rugosa var. alba. Single pure white flowers highly scented; a splendid shrub-like rose.

Spinossissima altaica. Single pure white flowers followed by attractive black fruits. Dainty foliage.

Prices of above Roses, except where noted, Strong, 2 years old, field-grown, 75 cents each, \$6.00 per 10; \$50.00 per 100.

Our Summer and Winter Pruning Service

You may arrange with us to carry out this work for you. We have available, trained gardeners of long experience, who will execute this work successfully and economically. If you so desire, we will be pleased to place your name upon our permanent pruning list, which means that we will notify you, during each year, when the pruning work should be done, and carry out the work for you.

Fruit Department

Apples

Early

Early Harvest. Pale yellow, tart, with a fine flavor.

Red Astrachan. Large, deep crimson. A favorite cooking apple.

Sweet Bough. Large, yellow, sweet, tender and juicy.

Yellow Transparent. Pale yellow, sub-acid; early bearer.

Mid-season

Fall Pippin. Large, yellow; flesh tender, rich and delicious.

Gravenstein. Large, striped, fine quality.

McIntosh. Medium, deepest crimson, finest quality.

Wealthy. Medium, deep red, fine quality, productive.

Late

Baldwin. Large, bright red; very productive.

Delicious. Large, bright red, highest quality. Undoubtedly the most popular apple today.

King. Unusually large, red, productive.

Northern Spy. Medium to large; red striped; excellent flavor.

R. I. Greening. Fruit rather acid; excellent flavor.

Roxbury Russet. Medium size; crisp, juicy; long keeper.

Spitzenburg. Large; red; firm; excellent flavor.

Prices of Apples.

5 to 6 feet, selected, \$1.25 each; \$10.00 per 10; \$85.00 per 100.

6 to 9 feet, transplanted, \$2.50 to \$5.00 each. *Write for available list of transplanted sizes.*

Crabapples

Hyslop. Large, deep crimson.

Transcendent. Yellow, striped with red.

Prices same as standard apples.

Quinces

Orange. Large, round; bright golden-yellow.

Champion. Fruit larger than the Orange.

Prices of Quinces.

3 to 4 feet, \$1.00 each; \$9.00 per 10.

Pears

Early

Bartlett. Buttery, very juicy and highly flavored.

Clapp's Favorite. Very large, yellow, flushed red on sunny side.

Mid-season

Kieffer. An early and prolific bearer; valuable for canning.

Seckel. Small, yellowish-brown; flesh very fine grained, sweet.

Sheldon. Greenish russet; melting, juicy, with a rich flavor.

Late

Anjou. Large, greenish, sprinkled with russet; flesh buttery.

Asparagus. Extra strong, 2 years, \$3.00 per 100; \$20.00 per 1,000.

Rhubarb. 25 cents each; \$2.00 per 10.

Index of Botanical and Common Names

The American Joint Committee on Horticultural Nomenclature have recently issued "Standardized Plant Names", which it is hoped will eliminate much of the confusion on common and botanical plant names.

With the exception of a few varieties, we have listed our plants according to "Standardized Plant Names." If you have any difficulty in finding in our price list any varieties you wish, telephone or write us.

Japanese Lanterns.....	\$35.00 to \$50.00
Mission Plant Tubs (Cypress) 14 inch.....	\$3.50 each
“ “ “ “ 16 inch.....	\$4.00 each
“ “ “ “ 18 inch.....	\$4.50 each

Important to Purchasers

ORDER EARLY. We aim to fill all orders as soon as received, but during the rush season from April 1st to May 20th delays are unavoidable. This congestion can be largely overcome, if you will co-operate by placing your order early. It will enable us to plan for the spring rush and give prompt service.

ALL ORDERS are accepted subject to prior sale and the following terms and condition of sale:

PRICES in this catalog cancel all previous price lists and quotations and are subject to change without notice owing to conditions not within our control.

STOCK PERSONALLY SELECTED at our nurseries will be charged for according to the value of the plants chosen, irrespective of the prices published in this catalog.

QUANTITY. 1 to 4 plants of any one size and variety will be furnished at the each rate.

5 to 24 plants of any one size and variety will be furnished at the 10 rate.

25 or more plants of any one size and variety will be furnished at the 100 rate.

250 or more plants of any one size and variety will be furnished at the 1,000 rate.

TERMS. CASH WITH ORDER or satisfactory references from unknown customers. All accounts are due and payable 30 days after date of invoice and no credit will be extended after the due date, except by special agreement. **A discount of 2%** will be allowed on payments made within ten days of date of invoice. Five per cent. may be deducted when remittance in full accompanies order.

GUARANTEE. The success or failure of plants to grow depends largely on the after treatment and weather conditions, over which we have no control. We agree to replace, f. o. b. our nurseries, at one-half the original purchase price, any plant that may die within 60 days after delivery; **provided** that the plants have not been neglected and that the account has been paid within 30 days of date of invoice.

CLAIMS. No complaints will be considered that are not made within five days after receipt of stock.

PACKING AND SHIPPING. No charge is made for packing on any stock purchased at the prices published in this catalog or for delivery to local freight or express companies, from which points our responsibility ceases. Claims for damage or delay for **GOODS IN TRANSIT** must be made to the transportation company delivering the goods.

DELIVERY. Auto truck delivery within a range of 75 to 100 miles from our nurseries is quite economical, providing the order is of sufficient size to make a truck load. Charges are made according to the size of the truck and the distance traveled.

No charge is made for local auto truck delivery within 10 miles of our nurseries at Woodmont except when special trips are requested.
